*Proceedings of the Madras Government, Revenue Department,

Famine Relief.

No. 229C. Read the following Proceedings of the Board of Revenue, dated 2nd April 1877 :—

Read the following letter from R. DAVIDSON, Esq., Acting Collector of Kurnool, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated 22nd March 1877, No. 277.

I HAVE the honor to forward herewith an estimate, amounting to Rupees 5,000, for clearing jungle on the sides of the Bailuty road over a length of 15 miles, a work exclusively extended to give employment to the Chenchus. I beg to enclose copy of a letter received from Mr. Gibson on the subject. I do not agree with Mr. Gibson in thinking that the work of the Chenchus cannot be supervised, and the work will not be put in hand without a proper supervising agency being organized.

ENCLOSURE No. 1.

From E. GIBSON, Esq., Special Assistant Collector in charge of Section II, to R. DAVIDSON, Esq., Acting Collector of Kurnool, dated Ahobadam, 14th March 1877, No. 264.

In forwarding, with its enclosure, a letter from Mr. Stanbrough proposing that an estimate for Rupees 5,000 for felling jungle be sanctioned, with a view to providing employment for the Chenchus, I have the honor to solicit your instructions. My general opinion is that these people have hitherto been employed in a desultory way in clearing jungle, but that their work cannot in any way be supervised. If it is allowed that the Chenchus are entitled to maintenance independently of their giving any return for their wages, the estimate may be sanctioned as it stands, as Mr. Scotland tells me that he cannot check it without going over the ground, which at present he is unable to do.

2. As the sum of Rupees 2,500 has already been expended upon this work, and as the Deputy Tahsildar seems to think that the Chenchus require help, I have told him to go on in anticipation of sanction, if he thinks it absolutely necessary to do so.

THE estimate is sanctioned. It is observed that it has already been half worked out.

2. The Board hope that the Collector will be able to get work out of the Chenchus.

No. 229D. ORDER THEREON, 10th April 1877, No. 1,390B.

Miscellaneous.

THE Government decline to sanction the estimate. They do not understand how the work can be for the especial benefit of the Chenchus when those people will not dig out a stump and other laborers have to be brought to the work to assist them. Nor is the benefit of clearing away all the shade-giving trees from the sides of the roads apparent. If the Chenchus need relief they must have it, but the Government do not approve of other labor being brought to aid in a work of doubtful utility.

Sir,

Sir, In forwarding with its enclosure a letter from Mr. Strauborough proposing that an estimate for Rs. 5000 for felling jungle be sanctioned with a view to providing employment for the Churchmen, I have the honor to solicit your instructions.
