Famine Relief.

No. 290. Read the following Proceedings of the Board of Revenue, dated 29th March 1877, No. 1,4

Read the following letter from J. H. MASTER, Esq., Collector of Bellary, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated Dharmaveram, 20th March 1877, No. 209:—

WITH reference to Circular, No. 652, dated the 13th ultimo, received direct from the Additional Secretary to Government (copy herewith enclosed), I have the honor to state that, in my opinion, the works now in progress or contemplated in this district will provide employment for the probable number of persons standing in need of relief during the next six months.

2. I beg to annex copies of replies I have received on the subject. The Deputy Collector of the Harpanhally Division is the only one who says that he will not have sufficient work. Now, however, that the earth-work of the Railway from Bellary to Hoobloe is to be put in hand, there is no fear of lack of employment.

WITH reference to your foot-note to Government Circular, No. 652, dated 13th instant, I have the honor to report that the works in progress and contemplated and entered in the enclosures to my tabular reports, bearing numbers and dates noted in the margin, will provide sufficient employment for the next seven months in my taluqs.

From W. H. GLENNY, Esq., Sub-Collector, to J. H. MASTER, Esq., Collector of Bellary, dated Adoni, 3rd March 1877, No. 57.

Official Memorandum.

[*Reference*—Copy of Additional Secretary's Circular, No. 652, dated 13th February 1877.]

Has the honor to report that there is not the slightest prospect of useful employment failing in his division, even if the probable numbers of persons who will come on relief before the end of the famine is vastly under-estimated. Practically speaking it would be impossible to overdo the kind of useful work with an inexhaustible supply of which his division is provided, viz., the storage of gravel and metal for the future repair of existing roads, nearly all of which are important railway feeders.

From V. VENCATACHELLAM, Deputy Collector, to J. H. MASTER, Esq., Collector of Bellary, dated Hospett, 6th March 1877, F. No. 120.

I have the honor to report, with reference to G.O., dated 13th February last, that the Tahsildars of my taluqs report that the works in progress or contemplated are sufficient to give employment to the poor men for one month.

Harpanhally, Hadgally, and Hospett.

From N. MURUGESEM, Deputy Collector, to J. H. MASTER, Esq., Collector of Bellary, dated 6th March 1877, No. 139.

I have the honor to reply to your [illegible] to the Circular [illegible] dated [illegible] and

No. 652, dated 13th February 1877.

Additional Secretary to Government, inquiring as to whether there is sufficient to keep the distressed poor employed on relief works during the next seven months.

2. There are on the whole 208 works sanctioned as yet to be executed as famine relief works, of which 165 in Kudlighi and 43 in Raidrug are in progress; and about 56 works in Raidrug and the repairs of several breached tanks, &c., in Kudlighi are in course of selection to be proposed for sanction, and I dare say that, with the latter precaution, we shall be able to keep the needy in my division employed for the period named; the works now in progress being insufficient for that purpose.

From K. NURSINGA ROW, Temporary Deputy Collector, to J. H. MASTER, Esq., Collector of Bellary, dated Calliandrug, 8th March 1877, F. No. 59.

As called for in your foot-note, dated 20th ultimo, on Circular letter, No. 652, of the 13th idem, from the Additional Secretary to Government, I beg to inform you that there will be sufficient useful works to be carried on for the relief of the present number of people in the two taluqs in this division during the next seven months.
