Famine Relief.

No. 334. Read the following Proceedings of the Board of Revenue, dated 5th April 1877, No. 1,535:—

Read Relief Reports for the week ending 24th March 1877 from the Collector of the Kistna District, dated 27th March 1877; from the Collector of Kurnool, dated 28th and 29th March 1877; and from the Collector of South Arcot, dated 31st March 1877.

THE relief reports of the Kistna, Kurnool, and South Arcot Districts for the week ending 24th March are submitted for the information of Government in continuation of Board's Proceedings, 30th March 1877, No. 1,440-A. A taluqwar abstract accompanies.

2. *Prices.*—In *Kistna* prices have risen slightly on the whole. There are fluctuations in individual taluqs, but the only one calling for special notice is a somewhat sharp rise in the prices of the three inferior grains in Sattenapalli. In *Kurnool*, also, there is little change. Rice has fallen in Cumbum but risen in Markapur; it is stationary elsewhere. Cholum has fallen in Cumbum, and Markapur, and risen in Ramalakotta, Pattikonda, and Koilkuntla. Ragi is stationary except in Ramalakotta, where it has fallen; cumboo has risen in Pattikonda and fallen in Cumbum. This taluq, in which prices are falling, is the only one which presents appearance of general change. In the distressed taluqs of South Arcot ragi and cumboo have fallen, but other grains are stationary.

3. No rain is reported to have been received in any of these districts in the week.

4. In Kistna the works in progress are the river embankment, Commamur Channel, and the clearance of the Ellore and main canals. The number on the first two works were 2,630; those on the canal clearances are not reported. In South Arcot only minor works employing 538 persons were in progress.

5. The numbers on the works in each taluq of Kurnool are given below:—

	17th March.	24th March.	
Ramalakotta	43,897	39,434	— 4,463
Nandikotkur	8,252	8,975	+ 723
Nundial	18,708	28,973	+ 10,265
Sirwell	12,521	13,960	+ 1,439
Koilkuntla	30,196	31,725	+ 1,529
Pattikonda	19,999	19,292	— 707
Cumbum	46,318	34,533	— 11,785
Markapur	12,137	8,551	— 3,586
Total ...	192,028	185,443	— 6,585

The increase in Nundial is ascribed to the return of coolies who had gone away for the New Year's feast, and who had been rejected on weeding; and those in Sirwell and Koilkuntla to the second of these causes. The decrease in Ramalakotta is attributed to refusal of coolies to move, on transfer to other works being ordered; that in Cumbum and Markapur to concentration of work, hot weather, &c.; and in Pattikonda to erroneous estimate for a work unreported in the previous week. But the telegram

Proceedings of the Madras Government, Revenue Department,
14th April 1877

since received for the 21st, which shows a large increase in the district, states that the decrease in these taluqs for the week under report was to a great extent non-existent and results simply from defective reports. The Board trust such errors will be guarded against in future. The sudden large increase in Nundial is alarming.

6. In Cumbum and Markapur Taluqs wages are still paid at the higher task rates. The Collector will be called upon by telegraph to furnish explanation. In other taluqs wages at the lower scale of task work; in Nandikotkur, Nundial, and Sirwell with reference to price of $6\frac{1}{2}$ seers per rupee; and in Ramalakotta, Pattikonda and Koilkuntla, of $7\frac{1}{2}$ seers. In the first-named three taluqs rice, which seems to be the grain taken, is at 6-77, 6-41, and 5-12 for this week and last, and the wages are therefore too high in

two of the taluqs. The prices of rice and cholum in the other three taluqs are given in the margin, and it will be observed that, whatever grain has been taken as the standard the wages are wrong.

Mr. Clougtoun should be called upon to explain. In Mr. Farmer's Division rice is the standard. In South Arcot the sliding scale is in force in two taluqs,

in Villapuram at full task rates to rice at 8 seers, and in Trinomalai, at lower task rates to rice at $7\frac{1}{2}$ seers; prices higher in both cases than those quoted in the return. In Tindivanam the old 2-Anna scale is in force.

7. Gratuitous relief in Kistna and South Arcot is on a very small scale, the numbers being 235 and 59 respectively. In Kurnool they are 25,572, and of these 22,256 are children. The taluq comparison for the week is as follows:—

	17th March.	24th March.	—
Ramalakotta ...	7,773	11,636	+ 3,863
Nandikotkur ...	1,155	1,871	+ 716
Nundial ...	1,594	4,601	+ 3,007
Sirwell ...	271	882	+ 611
Koilkuntla ...	7,057	4,165	— 2,892
Pattikonda ...	209	398	+ 189
Cumbum ...	879	1,431	+ 552
Markapur ...	468	588	+ 120
Total ...	19,406	25,572	+ 6,166

The increase is due to the inclusion of children of persons on the works and allowed 3 Pies a head per diem; though the order seems not to have been yet applied in all taluqs. The decrease in Pattikonda is not explained.

Revenue Department
Proceedings of the Board of Revenue
Dated 5 April 1877.

Read Relief Reports for
the week ending 24 March 1877 from the
Collector of Kistna D^t dated 27 March
1877, from the Collector of Kurnool dated
28 & 29 March 1877 & from the Collector
of South Arcot dated 31 March 1877.

The relief reports of the Kistna
Kurnool & South Arcot districts for the
week ending 24 March are submitted
for the information of Government in
continuation of Board's Proceedings 29
March 1877 & a talukwar abstract
accompanies.

2. Prices. In Kistna prices have risen
slightly on the whole. There are fluctu-
ations in individual taluks, but the
only one calling for special notice
is a somewhat sharp rise in the
prices of the three inferior grams in
Sattenapalli. In Kurnool also there
is little change. Rice has fallen
in Cumbum but risen in Markapur;

it is stationary elsewhere. Cholera has fallen in Cumbum & Markapur & risen in Ramalakota, Pattikonda & Koilkuntla. Ragi is stationary except in Ramalakota where it has fallen. Cumbum has risen in Pattikonda & fallen in Cumbum. This taluk in which prices are falling is the only one which presents appearance of general change. In the distressed taluks of South Arcot ragi & Cumbum have fallen, but other grains are stationary.

3. No rain is reported to have been received in any of these districts in the week.

4. In Krishna the works in progress are the River Embankment, Command Channel & the clearance of the Ellore & main Canals. The number on the first two works was 2630; those on the Canal clearances are not reported. In S. Arcot only minor

works employing 538 persons are in progress.

The numbers on the works in each taluk of Karnool are given below:-

	17 th March.	24 th March.	
Ramalakota.	43897	39434	- 4463
Nandikotkur.	8252	8975	+ 723

Markapur.	12137	8557	- 3580
	192928	185443	- 6585

The increase in Nandial is ascribed to the return of coolies who had come away for the new year's feast, and who had been rejected on wedding; and those in Sirvel and Koilkuntla to the second of these causes. The decrease in Ramalakota is attributed to refusal

refusal of coolies to move, on transfer to other works being ordered & that in Lumbum and Markapur to Com. Contrabition of work, but was not seen; & in Pattiondab to enormous estimate for a work unreported in the previous work. But the telegram since received for the 3rd, which shows a large increase in the district. States that the decrease in these taluks for the week under report was a great extent from inconsistent and results simply from defective reports. The Board must look to these things will be guarded against in future. The sudden large increase in Nandial is alarming.

6. In Lumbum and Markapur taluks wages are still paid at the higher task rates. The Collector will be called upon by telegraph to furnish explanation. In other taluks wages at the lower scale of task work, in Nandial & Sirum with reference

to price of $6\frac{1}{2}$ pice per rupee and in Raunala Kotta Pattiondab and Nandial of $7\frac{1}{2}$ pice. In the first named three taluks, rice, which seems to be the grain taken, is at 6.77, 6.41 & 7.12 for the week and last, and the wages are there for too high in two of the taluks. The prices of rice and Cholam in the other three taluks are given in the margin and it will be observed that whatever grain has been taken as the standard the wages are too low. It is clear that should be called upon to explain. In Mr. Farmer's decision rice is the standard.

In South Arcot the sliding scale is in force in two taluks, in Villupuram at full task rates to rice at 8 pice and in Tirumalai, at lower task rates to rice at $7\frac{1}{2}$ pice; prices higher in both cases than those quoted in the returns. In Pindivannam the old 2 anna scale is in force.

Gratuitous

Gratuitous relief in Krishna and
Sarek is on a very small scale the
numbers being 235 and 59 respectively.
