Or grain purchased by you for local wants how much on hand and where stored?

No. 371B. From Special Deputy Collector of Kurnool, to J. H. GARSTIN, Esq., Additional Secretary to Government, Revenue Department, Madras, dated 28th March 1877.

Your telegram 24th. 3,813 tons grain approximately purchased by Collector and Division Officers for local wants since commencement of distress, whereof 1,912 tons, or 26,120 bags, are Dymes' grain. Nearly half of the whole grain already spent. Exact quantity of private grain unexpended not known, as accounts received here do not separate expenditure of Government from private grain. Required information called for. 362 tons Dymes' rice and 424 tons purchased from Kurnool merchants are now in store in Kurnool. Grain purchased by Mr. Farmer still being delivered in Cumbum.

Miscellaneous.

GRAIN-wages must be re-introduced at and near Cumbum, a pound of dry grain being given as part payment of the wage instead of its value.
