PROCEEDINGS OF THE BOARD OF REVENUE, dated 27th March 1877
Read the following letter from C G DOUGLAS, Esq, Deputy Conservator of Forests, to A WEDDERBURN, Esq, Collector of Coimbatore, dated Udumantkund, 18th January 1877, No 271 —

I HAVE the honor to bring to notice that the Government Order sanctioning, on the recommendation of the Revenue Board, a special allowance to me last year, as the Cochin Boundary Settlement Officer, was only retrospective and now, being again employed on similar work upon the Travancore Boundary, I should feel much obliged if you would once more submit my case for consideration

2 I am put to considerable additional outlay by work of this nature

3 To induce my servants, who have already been out eight months with me, to remain I am obliged to pay high wages, and, of course, must supply them with all provisions, carriage free

4 The transport of lit, rice and other stores from the plains to the distant places where we are working is of itself a heavy item

5 The coolie hire for each load for the first stage alone, i.e., from Kotoor to Vandal, is Rupees 1½, and after that 4 Annas a march which in the jungle seldom averages more than eight or nine miles per diem and in fact costs rather more than 4 Annas if the high price of rice, &c, be calculated, as the hill men are paid in provisions not cash

6 I shall probably be engaged in the widening and permanent demarcation of the preliminary trace already opened by Mr Munro and self, for the next two months or more

7 I may add that the claim has been supported by the Conservator of Forests both in my own case and that of Mr Hayne, the Finnevelly Boundary Officer

No 40

FORWARDED to the Board of Revenue through the Conservator of Forests

2 The Collector recommends the special allowance of Rupees 5 per diem He knows from personal experience the great expenses of marching on these hills

COIMBATORE,
26th January 1877.

(Signed) J C WINSCOM,
for Collector

No 1,670

THE Conservator of Forests cannot support the application as he considers this Boundary work quite a portion of a forest officer's work, and all the officers of the department are now more or less engaged in it Mr Douglas' travelling expenses generally are very small compared to that of many other officers, he is stationary in a forest, and has very little travelling.

MADRAS,
1st March 1877

(Signed) R H BEDDOME, Lieut Colonel,
Conservator of Forests

Mr DOUGLAS' application for a special allowance of Rupees 5 per diem during his employment on the Travancore Boundary work will be submitted for the orders of Government with the Board's recommendation that sanction be accorded

2 The Board observe that Mr Douglas claim was supported by the Conservator last year, and they consider that the request is reasonable as the demarcation of the boundary is not strictly forest work and entails considerable extra expense and exposure
