*Proceedings of the Madras Government, Revenue Department,

Famine Relief.

No. 678A. Read the following letter from J. F. PRICE, Esq., Acting Collector of Cuddapah, to J. H. GARSTIN, Esq., Additional Secretary to Government, Revenue Department, Fort St. George, dated Porumamilla, 16th April 1877, Extra No. 759 :—

I HAVE the honor to request that Government will be pleased to send, with as little delay as possible, a Hospital Assistant to do duty at the relief-camp at this place.

2. Many cases requiring medical aid are coming into the camp, and there is a good deal of small-pox, though not of a bad type, about. Several inmates are also suffering from ulcers and sores. I can give them no help, for I have not a man. My own Dresser has been, with great difficulty, driven out of Cuddapah to join me, and he now asserts that he is sick. The Zillah Surgeon was of opinion that he is not, and has, at my request, reported him to the head of the Medical Department. He is lazy and useless, and cannot be trusted alone.

3. I can manage at Budwail as there is a dispensary there, but here there is nothing of the kind, and I must have medical help as soon as possible. The inmates yesterday evening numbered 463, and I did not see one who ought not to be there. All the beggars and deformities in the country are beginning to come into the camps, as the people are too poor to afford anything in the way of charity. These persons are in a state that they cannot be helped by relief, which they require not only in point of food but of medical attendance also.

No. 678B. ORDER THEREON, 27th April 1877, No. 1,579A.

Miscellaneous.

The Collector is referred to the letter* of the Surgeon-General, Indian Medical Department, of the 17th April 1877, No. 228, posting two Hospital Assistants to the Cuddapah District for famine duty.

Additional Secretary to Government

Fort Saint George

Sir,

I have the honor to request that Government will be pleased to send, with as little delay as possible, a Hospital assistant to do duty at the Relief Camp at this place.

2. Many cases requiring medical aid are coming into the camp and there is a good deal of small-pox, though not of a bad type, about. Several inmates are also suffering from ulcers and sores. I can give them no help for I have not a man. My own Dresser has been with great difficulty driven out of

Cuddapah to join me and he now
asserts that he is sick. The Lillak
Surgeon was of opinion that he is
not, and has at my request reported
him to the head of the Medical
Department. He is lazy and useless
and cannot be trusted alone.

3. I can manage at Budvail
as there is a Dispensary there, but
here there is nothing of the kind and
I must have Medical help as
soon as possible. The inmates
yesterday evening numbered 463
and I did not see one who ought
not to be there. All the beggars and
deformities in the Country are begin-
ning to come into the Camps, as the
people are too poor to afford any
thing in the way of charity. These
persons are in such a state that
