TAMIL NADU ARCHIVES

GOVERNMENT OF TAMIL NADU

REVENUE DEPARTMENT

G.O. No.	1583 A	Press
B.P. No.		Mis.
Dated	27-4-1877	197

Not to be folded or roughly handled

Famine Relief.

No. 686A. Read the following Proceedings of the Board of Revenue, dated 20th April 1877, No. 1,815:—

Read the following letter* from W. McQUHAE, Esq. Collector of Madura, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated Manamadura, 9th April 1877, No. 218.

* 6th April 1877, No. 119.
7th " " " 225.
6th " " " 46.

I HAVE the honor to submit the progress reports* of relief-works in Ramnad, Madura, Tirumungalum, and Pereacolum for March.

2. In Ramnad all alarms regarding the return of the emigrants have proved groundless, and Mr. Lee-Warner is disgusted at the small numbers on his works. The numbers could be increased by offering work very close to every village in South Ramnad. Good work has been done, and there are still several months to pass before the famine here will be at an end.

3. The work done by the Deputy Collector in Madura is as usual quite satisfactory. The wages for men may be 1 Pie too high if prices in Madura town be taken, but we are doing the Public Works Department work 16 per cent. below their regular estimates. The real secret of limiting numbers on relief-works is not in starving the laborers, but in making them do hard work for a wage sufficient for their maintenance. In speaking of relief-works the Deputy Collector follows the

persons.

4. In Tirumungalum the work is done at or about the rates entered in the regular estimates. In Madura Taluq the people are allowed to form their own gangs, while in Tirumungalum they are organized for them. The advantage of letting them form their own gangs is that the strong do not complain of having to work for the weaker in order to complete the gang's task, but when numbers are large it is impossible.

5. In Pereacolum it is now nearly certain that nothing will be necessary except gratuitous relief to the ordinary poor of the country.

6. The work done shows that the condition of the people on the works is good.

ENCLOSURES Nos. 1 to 4.—Progress Reports.

ENCLOSURES Nos. 5 to 6.—Statements.

SUBMITTED for the information of Government.

2. It is clear that distress in the district is not nearly so severe as was at one time anticipated would be the case, and it is to be hoped that it will not now increase. If the people were in serious want they would come in larger numbers to the relief-works.

3. These are evidently being fairly well managed, and tasks are rigorously exacted. But the scale of wages in the Deputy Collector's division is not in accord-

*Proceedings of the Madras Government, Revenue Department,
27th April 1877.*

ance with that sanctioned, though the rates are probably not in excess of those that would be paid under the orders issued. In the Tirumungalum Taluq piece-works seems to be in force. The Collector should cause the orders to be exactly followed.

4. The periodical report for the sub-division is awaited.

(True Copies and Extract.)

Secretary.

No. 686 B.

ORDER THEREON, 27th April 1877, No. 1,583 A.

Miscellaneous.

THE Government are glad to find that there are grounds for hope that the anticipated increase of distress is not likely to be realized in Madura. The Collector's ideas on the subject of relief-works are sound.

(True Extract.)

From W. M. L. Subba Esquire
Collector of

To H. E. Stokes Esquire
Secretary to the
Board of Revenue
Madras

Sir,

I have the honor to

① 6th April 1877
n^o. 119
2nd 500- n^o. 225
6th 500- n^o. 46

submit the Progress Reports^①
of Relief works in Ramnad, Ma-
dura, Tirumangalam and Perea-
colum for March

2. In Ramnad all alarms
regarding the return of the emi-
grants have proved groundless
and

and Mr. Lee Warner is disgusted
at the small numbers on his
works. The numbers could
be increased by offering work
very close to every village in
South Rannad. Good work has
been done and there are still
several months to pass before
the famine here will be at
an end.

3. The work done by the
Deputy Collector in Madras
is as usual quite satisfactory.

The wages for men may be one
pie too high if prices in Madras

should be taken, but we are doing
the

the D. P. K. work 16 per cent below
their regular estimates. The real
secret of limiting numbers on
relief works is not in starving
the labourers but in making
them do hard work for a wage
sufficient for their main-
tenance. In speaking of relief
houses, the Deputy Collector
follows the usual practice
of confounding daily rations
with persons and says he
fed 3588 persons.

4. In Tirumangalam the
work is done at or about
the rates entered in the regu-
lar estimates. See Madura
Talook

To look the people are allowed
to form their own gangs while
in Siamangalum they are
organized for them. The advan-
tage of letting them form their
own gangs is that the strong
do not complain of having
to work for the weaker in
order to complete the gang's
task, but when numbers
are large it is impossible.

5. In Peracolum it is
now nearly certain that nothing
will be necessary except
gratuitous relief to the
ordinary poor of the country.

6. The work done shows
that

tasks are vigorously enacted.
But the scale of maps in
the Deputy Collector's Division
is not in accordance with
that sanctioned, though the
rates are probably not in excess
of those that would be paid
under the orders issued. In the
Sirimangalam taluk piece
work seems to be in force.

The Collector should cause the
orders to be exactly followed.

4. The periodical report for
the subdivision is awaited.
