to Government with review
in Board's Proceeding 27th
March 1877 etc. —

3. The attention of
Government is requested to
the Collector's remarks as to
the effect on importation of
the stocks of Government
grain which have been brought
in. The Collector should make
known the orders regarding these
stocks as widely as possible.

4. The Board desire
that Mr. Farmer's explanation
for his persistent neglect to
carry out the orders as to maps
may be forwarded to them.

As

As regards gratuitous
relief the Collector has since
explained by telegram dated
29th March 1877 that the error
manuscript entered for
Swirell & Baluk is a mistake
and that there were only 74
persons in receipt of gratuitous
relief in that district, not 12442.

This explanation as to so extra-
ordinary an error is awaited.

No. 690-B. Telegram from the Additional Secretary to Government, Revenue Department, Madras, to Acting Collector of Kurnool, dated 18th April 1877, No. 246.

Your letter of 26th March, number 286. Are the quantities of grain referred to in paragraph one reserve grain supplied by Hicks, or grain locally purchased by Farmer or others?

No. 690-C. Telegram from the Acting Collector of Kurnool, to the Additional Secretary to Government, Revenue Department, Madras, dated 19th April 1877.

Your telegram, letter 286, was sent by Mr. Bird on the very day he left the district on sick leave, when I was absent on tour and without my cognizance. I find on inquiry he referred to reserve rice supplied by Hicks. I do not concur with him either in thinking the supply of Government grain enormous in the depôts, or that its presence there injuriously influenced local trade, because it was known to be held in reserve, because the money-wages paid strongly stimulate local trade, and because rice subsequently fell instead of rising as he apprehended.

No. 690-D. ORDER THEREON, 28th April 1877, No. 1,585-A.

Miscellaneous.

THE Government notice with approbation the Acting Collector's successful efforts to promote emigration to the East-Coast Canal.

2. The Government reserve grain has not been thrown into Kurnool in enormous quantities, and is intended to be kept strictly as a reserve for use in case of a temporary failure of private supplies. The grain locally purchased by Messrs Foster and Farmer should be used up by paying grain-wages.
