Your letter of 26th March, number 286. Are the quantities of grain referred to in paragraph one reserve grain supplied by Hicks, or grain locally purchased by Farmer or others?

No. 690-C. Telegram from the Acting Collector of Kurnool, to the Additional Secretary to Government, Revenue Department, Madras, dated 19th April 1877.

Your telegram, letter 286, was sent by Mr. Bird on the very day he left the district on sick leave, when I was absent on tour and without my cognizance. I find on inquiry he referred to reserve rice supplied by Hicks. I do not concur with him either in thinking the supply of Government grain enormous in the depôts, or that its presence there injuriously influenced local trade, because it was known to be held in reserve, because the money-wages paid strongly stimulate local trade, and because rice subsequently fell instead of rising as he apprehended.

No. 690-D. Order thereon, 28th April 1877, No. 1,585-A.

Miscellaneous.

The Government notice with approbation the Acting Collector's successful efforts to promote emigration from the East-Coast Canal.

2. The Government reserve grain has not been thrown into Kurnool in enormous quantities, and is intended to be kept strictly as a reserve for use in case of a temporary failure of private supplies. The grain locally purchased by Messrs Foster and Farmer should be used up by paying grain-wages.
