*Proceedings of the Madras Government, Revenue Department,
28th April 1877.*

Famine Relief.

No. 702C. Read the following Proceedings of the Board of Revenue, dated 18th April 1877:—

Read the following letter from W. S. WHITESIDE, Esq., Collector of North Arcot, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated Congoondy, 5th April 1877, No. 223.

I HAVE the honor, with reference to the Proceedings of Government, dated 26th ultimo, No. 1,233, to report that, as soon as I became aware that the doubling of the Railway line from Arcunum was to be carried out as a relief-work, and that a large number of coolies were required on emergency to ensure its speedy completion, I at once issued orders for the transfer to the Railway work of all the relief laborers employed in the construction of the new road from Arcunum to Trittany, which is the only relief-work of a magnitude now in progress in the vicinity of Arcunum, and 1,320 persons were so transferred.

2. I also caused notice to be given by beat of tom-tom in every village in the adjacent divisions of Mauderpauk and Trittany, in the Carvetnaggur Zemindary, and in the Wallajah Taluq informing the people of the labor that was open to them on the Railway.

3. I shall now give notice of the bonus that will be given to each maistry who brings a gang of people to the works.

4. It will be necessary, I think, to provide materials for such of the laborers who put themselves near the scene of the work; the great difficulty experienced in the country traversed by the Railway is that the country is very open and free from jungle, and it will not be possible for the work-people to put themselves unless we assist them with a free supply of bamboos and palmyra leaves. I am now addressing the Railway officials on the subject of the supply of such materials and the places where the huts should be erected.

SUBMITTED to Government with reference to the Government Order quoted.

EXAMINE RELIEF, No. 1040B.

Obtain for the Railway Line from Arcot, and
According Proceedings of the Board of Revenue

measures adopted by him for providing —

coolies were required on
emergencies to ensure its
speedy completion, I at once
issued orders for the transfer to
the Railway work of all the
Relief labourers employed in
the construction of the new road
from Arcoum to Trittany which

to them on the Railway.
3. I shall now give notice
of the homes that will be
given to each maistry who
brings a gang of people to the
works.

4. It will be necessary, I
think to provide materials for
such of the labourers as de-
sire to hut themselves near
the scene of the work; the great
difficulty experienced just now
in the establishment of one

One Relief Camp, is in the pro-
curing of materials for the
huts. The country traversed
by the Railway from Arcot
is very open and free from
jungle and it will not be
possible for the work people
to hurt themselves unless we
assist them with a free
supply of bamboo and Palmyra
leaves. I am now addressing
the Railway officials on the
subject of the supply of such
materials and the places where
the huts should be erected.
