*Proceedings of the Madras Government, Revenue Department,
30th April 1877.*

Famine Relief.

No. 731. Read the following Proceedings of the Board of Revenue dated 20th April 1877 —

Read the following letter from C. T. LONGLEY, Esq., Collector of Salem, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated Darampury, 20th April 1877, S. N. No. 209-1,093.

I HAVE the honor to enclose, for the Board's sanction, an estimate for Rs. 3,332 for repairing the bund of the Veeragnur tank in the Ahtur Taluq. The bund is at present low, being only $1\frac{1}{2}$ feet above full tank level, and it is proposed to strengthen and raise it by $4\frac{1}{2}$ feet, which will place it 6 feet above full tank level and $4\frac{1}{2}$ above maximum water level. The work is well suited for relief purposes consisting almost of earthwork, and will provide employment for a large number for some time, as distress prevails in the neighbourhood.

THE estimate is sanctioned, but the work should not be commenced unless further necessity arises. There are already a larger number of works in progress than the Board think its condition requires.
