Famine Relief.

No. 729. Read the following Proceedings of the Board of Revenue, dated 20th April 1877 :—

Read the following letter from J. F. PRICE, Esq., Acting Collector of Cuddapah to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated Badwall, 12th April 1877, Extra No. 603.

I HAVE the honor to report that the Deputy Conservator of Forests, Mr. Yarde, has applied to the Head Assistant Collector for the services of some small parties of relief coolies, in view to their repairing the fences around certain forest reserves in his range.

2. As I feel that this is not exactly work which can be called "Famine Relief," I deem it advisable to make a reference to the Board on the subject.

3. My reason for doing so is that a great deal of the damage which Mr. Yarde wishes to make good has been caused by the injury done to the fencing by the action of the order of my predecessor, Mr. Daniel, who, in consideration of the distress which is prevailing, allowed the ryots to graze their cattle in the forest reserves.

4. It seems to me that though, according to the strict letter of the principles laid down by Government, such work as is proposed is not a proper charge upon Famine Funds, it is but fair that damage done owing to measures connected with relief should be recouped from this source.

THE Board do not think there is any objection to allowing famine coolies to do the work.
