Proceedings of the Madras Government Revenue Department,
17th January 1877

The relief report for the Kurnool district for the 23rd December will be submitted to Government in continuation of Board's Proceedings, dated 29th December 1876. An abstract of the statement accompanies the figures for the Foiluntla Taluq are entirely wanting and those for Pattikonda are for the 18th December. The Board beg the Collector to make efforts get the reports sent in time and with greater

completeness. Prices have risen sharply in Nandikotkur and Nundial, in Markapur they tend to fall, in other taluqs they are about stationary. As to outlay on works the figures for the Ramalakota and Pattikonda Taluqs are widely discrepant and those of Koilkuntla are wanting. The Board therefore cannot make any nearer approximation to the total outlay in the week than already given in their Proceedings above quoted. The MS report of outlay in the week does not even agree with the telegram. The present report however gives the means of adding to the total outlay on relief works and gratuitous relief stated by Board (Rupees 7,30,000) that Cumbum and Markapur up to 16th December. The value of the grain payments given at five measures per rupee, and the outlay in money and grain is 51,701 up to the 23rd, and Rupees 30,164 up to 16th, adding in the latter sum, the outlay in the district to date comes approximately to Rupees 7,60,164.

The numbers employed in each taluq as compared with those reported for the 16th instant are given in the margin. The decrease in the large numbers in Ramalakota is very satisfactory, being doubtless due to improvement in control. The increase on the whole is mainly due to Cumbum and Markapur, where no doubt distress is very severe and by all accounts confusion very great, owing to inefficient staff.

	16th	23rd	Difference
Nandikotkur	11 681	17 331	+ 5 70
Ramalakota	69 939	61 930	- 8 00
Nundial	3 821	43 987	+ 8 16
Sirwell	8 943	16 460	+ 7 17
Koilkuntla	33 362	33 962	+ 600
Pattikonda	8,042	8 811	+ 832
Cumbum	30 109	44 954	+ 14 84
Markapur		9 194	+ 9 19
	2 03 497	2 39 742	36 245

As regards the distribution of the coolies to sex and age there is little difference in the proportions in the taluqs contrasted below for the 16th and 23rd instant.

	Men	Women	Children
Cumbum and Markapur	16th 431 23rd 527	440 403	69 70
Rest of the district	16th 370 23rd 384	423 437	207 179

The differences are great, but the Board do not know to what they are due. The decrease in the number of children in the western taluqs (which is especially noticeable in Ramalakota) is satisfactory. There are some changes in the rates of wages.

Nandikotkur—Money wages are the same as before (3 annas, 2 annas and 1 anna which will buy rice 2 21, 1 47 and 74 lb) but grain payments ($\frac{3}{4}$, $\frac{1}{2}$, and $\frac{1}{4}$ measure equal 2 19, 1 46, 73 lbs worth almost exact the money rates) have also been introduced.

Ramalakota—Rates from 1 anna to 8 annas are given, those in excess of 3 annas being probably for head coolies, and grain wages on the same scale as in Nandikotkur.

Nundial—Grain wages on the above scale have been introduced and money wages lowered from 3 annas, 2 annas and 1 anna to annas 6 pies, 1 anna 8 pies and 1 anna. At present prices the rates will purchase 10, 1 36 and 81 lbs.

Sirwell—Grain wages on the above scale are now in force.

Pattikonda—Grain wages at 1, $\frac{3}{4}$ and $\frac{1}{2}$ measure (equal 2 22, 1 67 and 1 11 lbs) are alone reported.

Cumbum—Men get 2 annas 4 pies and women and children 1 anna 6 pies, or in grain, $\frac{3}{4}$ and $\frac{1}{2}$ measure respectively. On Sundays men get 4 annas, or 1 measure, and women and children $\frac{3}{4}$ measure or 2 annas 3 pies. Full wage is thus not given on Sunday. The money daily wage will buy 1 72 and 1 11 lbs of rice.

Markapur—Daily grain wages are the same as in Cumbum, but the Sunday's wage is not stated. In money men get 2 annas 6 pies and women and children 1 anna 6 pies. If the price return be right, the rates will buy 2 30 and 1 17 lbs of rice.

The proportion of the wages of women and children when paid in money differs from that observed when payment is made in grain. The extent of gratuitous relief is not large, 1,702 persons in five taluqs were in receipt of it.

Statement of reporting

relief in Kurumool District

for the week ending

23rd December 1896-

Taluqs are needily deficient
 and those of Korkumla
 are wanting. The Board
 therefore cannot make any
 nearer approximation to the
 total outlay in the week than
 already given in their Memorandum
 above quoted. The all report
 of outlay in the week does
 not even agree with the telegram.
 The present report however gives
 the means of adding to the total
 outlay on relief works and
 gratuitous relief stated by Board
 (Rupees 730000) that for Cumbrum
 and Markapur upto 16 Dec-
 -ember. The value of the grain
 procured is given at 5 measures
 per rupee, and the outlay in
 money and grain is 51751 upto
 the 23rd and Rupees 30164 upto
 16th, adding in the latter sum,
 the outlay in the District to
 date comes approximately to
 Rupees 7,60,164.

The numbers employed
 in each Taluq as compared with
 those reported for the 16th date as given in the

due to Cumbrum & Markapur - where
 no doubt distress is very severe & by
 all accounts confusion very great, owing
 to inefficient staff.

As regards the distribution of the
 coolies as to sex & age there is little
 difference in the proportions in the
 taluqs west of the Nallamalais. The
 per centage are extracted below for the

	16 th + 23 rd Dist	men	women	children
Cumbrum & Markapur	{ 16 th	491	440	69
	{ 23 rd	527	403	70
Rest of the District	{ 16 th	370	423	207
	{ 23 rd	384	437	179

The differences are great, but the Board

do not know what they are due.
The decrease in the number of children
in the Western Taluqs (which is especially
noticeable in Ramalakota) is satisfactory.
There are some changes in the rates
of wages.

Nandikotkur - Money wages are the
same as before (3as, 2as + 1as which will buy
rice 2 21, 1 47 + 7 4 lbs) but grain payments
($\frac{3}{4}$, $\frac{1}{2}$ + $\frac{1}{4}$ measure = 2 19, 1 46, 7 3 lbs worth,
about exactly the money rates) have also
been introduced.

Ramalakota Rates from 1 anna
to 8 as are given, there in place of
3 annas being probably for head
coolies, & grain wages on the same scale
as in Nandikotkur.

Pindial - Grain wages on the above
scale have been introduced & money wages
lowered from 3as, 2as + 1anna to 2as 6p, 1a 8p
+ 1anna. At present prices these will purchase 170, 136 + 87 lbs

Surwell Grain wages on the above scale
are now in force.

Patticordah Grain wages at 1, $\frac{3}{2}$ and $\frac{1}{2}$
measures (= 2'22, 1 67 and 1 11 lbs) are
above reported.

Cumbum Men get 2 annas 4 pces and
women and children 1 anna 6 pces,
or in grain, $\frac{3}{4}$ and $\frac{1}{2}$ measure respective-
ly. On Sundays men get 4 annas, or
1 measure and women and children
 $\frac{3}{4}$ measure or 2 annas 3 pces. Full
wage is thus not given on Sunday.
The money daily wage will buy
1 72 and 1 11 lbs of rice.

Murkapur Daily grain wages are
the same as in Cumbum, but the
Sunday's wage is not stated.
In money men get 2 annas 6 pces
and women and children 1 anna
3 pces. If the price return be right
these rates will buy 2'35 and 1 17
lbs of rice.

The proportion of the wages of
women and children when paid
in money differs from that observed
when payment is made in grain

The extent of gratuitous relief is
not large 1702 persons in 5 taluks
were in receipt of it
