MADRAS RECORD OFFICE

GOVERNMENT OF MADRAS

Revenue DEPARTMENT

G.O. No.	175	Press
B.P. No.		Mis.
Dated	9.2.1876	196

Not to be folded or roughly handled

*Proceedings of the Madras Government, Revenue Department,
9th February 1876.*

Read again letter from the Superintendent of Revenue Survey, dated 12th January 1876, No. 110/2, recorded in G.O., 17th January 1876, No. 106, Mis.

No. 84. Read also the following letter from Lieutenant-Colonel W. H. HESSEY, Acting Superintendent, Revenue Survey, to D. F. CARMICHAEL, Esq., Secretary to Government, Revenue Department, dated Chopank, 24th January 1876, No. 245/6:—

In G.O., No. 106, of the 17th January 1876, I am desired to explain my reasons for having requested in my letter, No. 110/2, of the 12th instant, that paragraph 24 of the rules communicated in G.O.G.I., No. 3,991, of the 14th October 1875, may be made applicable to the Photographic Branch attached to the Central Survey Office, Madras.

2. I have the honor to state that discoveries are continually being made, tending either to facilitate or to perfect the art of reproducing maps by photography. Whether such discoveries are suited for India or not can only be determined by actual experiments. For such experiments certain chemicals that cannot be obtained in India are often required.

3. Books on photography and lithography are published, which do not find their way to India. To procure either chemicals or books from England in the ordinary course of things takes from nine to fifteen months.

4. It is in the hope that this office may be enabled to keep up with the progress made elsewhere that I have ventured to ask permission to depart from the usual course of procedure and to obtain such chemicals and books as may be required direct.

5. The Royal Engineers' Library at Madras contains books on all subjects connected with engineering, but has not a single recent work on photography or photolithography.

No. 85. ORDER THEREON, 9th February 1876, No. 175.

Miscellaneous.

ORDERED that the foregoing letters be forwarded to the Government of India, with the recommendation of this Government that the request thereon made be complied with.

(True Extract.)

(Signed) D. F. CARMICHAEL,
Secretary to Government.

To the Superintendent of Revenue Survey.

Ed. F. B. Bantleman.

24 January 1876

From

Shri
The Superintendent Revenue Survey.

To

The Secretary to Government
Revenue Department.

SIR,

In G. O. No. 106 of the 17th January 1876, I am
deemed to explain my reasons for having requested
in my letter No. 100 of the 12th Inst., that Para 1 of
the Rules communicated in G. O. G. S. No. 399 of the
11th October 1875 may be made applicable to the
Photographic branch attached to the Central Survey
Office Madras.

2. I have the honour to state that discoveries are
continually being made tending either to facilitate or
to perfect the art of reproducing maps by Photography.
Whether such discoveries are suited for India or not,
can only be determined by actual experiments. For such
experiments certain Chemicals, that cannot be obtained
in India, are often required.

3. Books on Photography & Lithography are published
which do not find their way to Indian libraries.
Either Chemicals or books from England on the ordinary
course of things take from 7 to 8 months.
