Proceedings of the Madras Government, Revenue Department, 25th June 1869.

No. 569. Read the following Proceedings of the Board of Revenue, dated 4th June 1869, No. 3,975 :—

Read the following letters.

From the Acting Collector of the Kistna District, to the Acting Secretary to the Board of Revenue, dated Gudevada, 6th April 1869, No. 84.

In a letter, dated 10th February 1866, No. 51, recorded in Board's Proceedings, dated 13th March 1866, No. 1,727, the Acting Collector reported that one Dalapatirow Subbarow of Masulipatam had erected a charitable Choultry at Pamarru, in the Gudevada Talook, on the road between Masulipatam and Bezoarah, at an estimated cost of Rs. 1,721, according to estimate framed by the Department Public Works; and as the Choultry provided accommodation for all castes and was likely to be much frequented, the Acting Collector requested the Board to obtain the sanction of Government for its endowment by the grant of a piece of land yielding an annual profit of Rupees 60.

2. In a subsequent letter, dated 20th April 1866, No. 120, recorded in the Board's Proceedings, dated 30th May 1866, No. 3,713, the Collector explained, at the request of the Board, that the proprietor of the Choultry had neglected to communicate with the Collector, and obtain his sanction before beginning the Choultry, through ignorance of the rule. He further stated that the Choultry was 10½ miles from the nearest endowed Choultry at Gudur near Masulipatam, and on the other side, there was none between that and Bezoarah, a distance of 25 miles.

3. The Board afterwards held that they were unable to recommend a grant to this Choultry, until better accommodation was provided for the classes not admissable to the central building.

4. I have now the honor to report that Dalapatirow Subbarow has erected another Choultry to the south-west of the one previously built, which the Tahsildar estimates to have cost Rupees 384-12-4. This affords sufficient accommodation to the classes who are not admissible at the central building as shown in the accompanying plan. I trust the Board will therefore now recommend to Government the grant of land for the endowment of the Choultry as applied for.

Enclosure No. 1.—Plan.

Enclosure No. 2.—Estimate.

From the same Officer, dated Repalli Talook, 11th May 1869, No. 137.

With reference to Board's official memorandum, No. 401, dated 27th ultimo, I have the honor to forward herewith the plans and estimates of the charitable Choultry built by Dalapatirow Subbarow at Pamarru Village, in Gudevada Talook, which were returned with the Board's Proceedings, dated 30th May 1866, No. 3,713.

Enclosures Nos. 1 to 3.—Plans.

Enclosures Nos. 4 and 5.—Estimates.

Submitted for the orders of Government.

2. In his letter, dated 10th February 1866, contained in the Board's Proceedings, dated 13th March 1866, No. 1,727, the Acting Collector reported that one Dalapatirow Subbarow, of Masulipatam, had constructed a charitable Choultry at Pamarru, in the Gudevada Taluk, on the high road leading from Masulipatam to Bezoarah, at an estimated cost of Rupees 1,721; that it was of great utility and consisted of three separate buildings, one of which was allotted for Christians, another for natives of the higher classes, and the other for Pariahs; and requested that it might be endowed with a grant of land of the annual value of Rupees 60.

3. The Collector on being called upon to report why the sanction of the Board was not obtained previously to the construction of the Chuttrum as the rules required, in order to entitle such an institution to an endowment; and also to state at what distance the building was situated from the nearest endowed building of a like character; replied that the proprietor being ignorant of the rules referred to by the Board, did not communicate his intentions to the Collector before he built the Choultry, and that it is situated more than 10½ miles from Gudur near the town of Masulipatam, where there is an endowed Chuttram, whilst there is no endowed building of a like character between Pamarru and Bezoarah, a distance of 25 miles.

4. The Board, on further reference to the plan, and on re-consideration of the subject, observed that they were unable to recommend the grant of an endowment until greater accommodation was provided for the classes not admissible into the central building.

Proceedings, dated 30th May 1866, No. 3,173.

5. The Acting Collector now forwards a plan and estimate, amounting to Rupees 362-11-0 for a separate building for the accommodation of those classes; and as the requirements of the rules in respect of accommodation are thus sufficiently met, the Board recommend that the grant of a piece of land of the annual value of Rupees 50 to the Choultry be sanctioned.

No. 570.

ORDER THEREON, 25th June 1869, No. 1,813.

Miscellaneous.

UNDER the circumstances adduced by the Board, the Government resolve to sanction the endowment of Dalapatirow Subbarow's Choultries with land yielding an annual profit of Rupees 50.
