No. 514. ORDER THEREON, 28th November 1876, No. 1,824.

Miscellaneous.

Governor in Council resolves to
the Collector of Madura that it
will be desirable—if the improvement of
the road, or any part of it, from Madura to Ramnad and the Coast is hereafter deter-
mined on as a relief work or otherwise—to take the opportunity, in communication
with the Railway Department, to lay out the curves and crossings in a manner that
will be suitable for a line of rail being substituted for the road, at any future time.

A road to Namman
is spoken of - I
presume through
the 2 Zemindars

ML
I think this road
should be laid out
by a R. W. Engineer
so that curves &
crossings of streams &c
may be suitable
for rails at a future
day - Much cost -

Might then be said
in extending N.W.
Communication
if work was found
is then prepared.

Would suggest that
Com^r & Sup^r of N.W.'s
should send some
one to inspect —
Arrange it —

a well laid out road
will probably suffice
to have a waterway
built along one edge —
without interfering with

it would be
if this suggestion be
adopted - Com^r should be
advised by wire - J. S.
Stewart - send some
competent person forthwith.
The expense of the road
making will not be
incurred -
