*Proceedings of the Madras Government, Revenue Department,
28th November 1876.*

520
No. 523. Read the following Proceedings of the Board of Revenue, dated 20th November 1876 :—

Read Proceedings of the Madras Government, dated 13th November 1876, No. 1,639.

ABSTRACT.—Passing orders on endorsement of the Chief Engineer and Manager, Madras Irrigation and Canal Company, suggesting arrangements for promoting cultivation of Tank Ayacuts, Cuddapah and Kurnool Districts.

THE Board observe that the Collector of Kurnool has been instructed to fill all the Government tanks he can with canal-water (Board's Proceedings, 20th October 1876, No. 2,668, and G.O., 8th November 1876, No. 1,604), and that as regards the regulation of the charge against ryots, Government have sanctioned Mr. Foster's proposal that the usual two-thirds of the Company's charge against Government should be recovered, but the Government water-rate included in the assessment remitted. This is practically what is now desired.

2. The same arrangements might be extended to Cuddapah; the difference between the consolidated wet assessment and the highest dry rate of the village being remitted as is done in regard to the water-rate in Kurnool. The Board resolve to communicate the papers to the Collector of that district, and to authorise him to introduce these arrangements.
