DEPARTMENT

G.O. No.	189	Press
B.P. No.		Mis.
Dated	11-2-1876	196

Not to be folded or roughly handled

No. 111. Read the following Proceedings of the Board of Revenue, dated 7th January 1876, No. 37:—

Read the following letter from C. RUNDALL, Esq., Acting Director of Revenue Settlement, Madras, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Madras, 29th November 1875, No. 2,485/64:—

With reference to Government Order of the 16th ultimo, No. 1,517, directing me to assume immediate control of settlement operations in Tinnevely, I have the honor to report that I accordingly visited that district and was engaged there from the 9th to the 20th instant, and have made arrangements for the conduct of operations, and left instructions with the Special Assistant pending the return of the Additional Sub-Collector, Mr. Arundel, who will then assume charge of the whole party.

2. Mr. Puckle divided the villages for settlement into four tracts—the river valley, palmyra forest, red soil tract, and the black cotton plain. The sanctioned schemes as marginally noted refer to the two first divisions as regards the five taluqs of Tinnevely, Tenkasi, Tenkare, Ambasamoodram, and Nanganeri.

G. O., No. 1,239, of 5th September 1872, and
G. O., No. 594, of 12th May 1874.

3. Prior to settlement these five taluqs comprised 665 villages, of which 413 were included in the proposals approved of as above in respect to the river valley and palmyra forest tracts. The remaining 252 villages of these taluqs appertain to the red soil tract for which separate settlement proposals have not as yet been submitted. In introducing the settlement in the taluqs already completed in respect to all villages, viz., Tinnevely, Tenkasi, and Tenkare, 32, 3, and 56 villages, respectively, of the red soil tract have been disposed of and settled at the rate sanctioned for the villages reported on. In the same manner in the northern portions of Ambasamoodram, 24 more similar villages have been finally settled, and thus 112 villages in all of the 252 villages of the red soil tract have been dealt with finally during settlement.

4. As regards the five taluqs, the southern part of Ambasamoodram and the whole of the Nanganeri Taluq still remain to be disposed of. The former is in an advanced state, and will upon Mr. Arundel's return be speedily finished. This portion contains 20 villages of the red soil tract, and as uniformity of settlement is essential, and like villages in the northern part of the taluq have already been dealt with at the rates of assessment generally applicable to the taluq, I have directed that these 20 villages be similarly treated, and that the settlement of the whole be closed once for all. The financial results of these twenty villages, when reporting on the introduction, will be separately referred to.

5. The Nanganeri Taluq comprises altogether 215 villages, of which 95 were included in the sanctioned settlement scheme and 120 form part of the red soil tract. It was the intention seemingly to treat these 120 villages in like manner, and to adjust the assessment of all villages in conformity with the rates as sanctioned. As these villages, however, comprise apparently a large portion of the taluq, I have directed an estimate of the probable financial results of the measure, of applying the sanctioned rates to the classification as originally conducted, to be framed at once, and when received the same will be forwarded on for approval of the Board and

*Proceedings of the Madras Government Revenue Department,
11th February 1876.*

Government. The original classification has been duly abstracted and is identical with that upon which Mr. Puckie based his first* report.

* To Board, 11th September 1868.

6. For the present the work in Ambasamoodram and Nanganeri will afford ample employment for the party.

7. I received from the Acting Collector a memorandum drawn up by Mr. Conyn upon the new settlement as introduced by him in the Tenkare Taluq, and will submit the same in due course as soon as statements to illustrate the financial results, which I have ordered to be prepared, are furnished.

8. I request that this report may be submitted to Government with reference to paragraph 3 of the order quoted.

SUBMITTED for the information of Government with reference to the order quoted.

(A true Copy and Extract.)

(Signed) H. E. STOKES,
Acting Secretary.

Revenue Department.

Proceedings of the Board of Revenue

Dated 7 January 1875.

Read the following

No. $\frac{2485}{84}$.

From

The Acting Director of
Revenue Settlement
Madras.

To. The Secretary to the
Board of Revenue
Madras.

Sir

With reference to Government
Order, of the 16th ult., No. 1577,
directing me to assume im-
mediate control of Settlement
operations in Pinnerelly, I have
the honor to report that I ac-
-cordingly visited that District &
was engaged there from the 9th to
the 20th Instant, and have made
arrangements for the conduct of
operations

operations and left instructions
with the Special Assistant pen-
ding the return of the additional
Sub. Collector, Mr. Stroudel, who
will then assume charge of
the whole party.

2. Mr. Puckle divided the
villages for settlement into four
tracts: the River Valley, Pal-
myra Creek, Red-dirt tract,
and the Black Cotton plain.
The sanctioned schemes are

marginally noted. G.O. No. 1289 of the 5th
September 1872, and
refer to the two former
G.O. No. 594 of 12 May 1874
decisions as regard the five taluqs
of Tumkurly, Teukarai, Teukarai
Arubasamoodum, and Tanjore.

3. Prior to settlement, these five
Taluqs.

Taluqs. comprised 685 villages of
which 413 were included in the
proposals approved of as above
in respect to the River valley,
and Palmyra Forest tracts. The
remaining 252 villages of these
Taluqs appertain to the red-dirt
tract for which separate settle-
ment proposals have not as yet
been submitted. In introducing
the settlement in the Taluqs,
already completed in respect to all
villages viz. Tumkurly, Teukarai
and Teukarai 32, 3 and 56
villages respectively of the Red-dirt
tract have been disposed of
and settled at the rate sanctioned
for the villages reported on. See
the

the sanctioned settlement
schemes and 120 form part of the
Red soil tract. It was the intention
seemingly to treat these 120 villages
in like manner, and to adjust
the assessment of all villages
in conformity with the rates as
sanctioned. As these villages however,
comprise apparently a large portion
of the Taluk, I have directed an
estimate of the probable financial
results of the measure of applying
the sanctioned rates to the classi-
fication as originally conducted,
to be framed at once, and when
received the same will be forwarded on
for approval of the Board and
Government. The original classi-
fication has been duly
abstracted

abstracted and is identical with
that upon which Mr. Panchale based
his first report.
6. For the present the work
in Ambasamudram and Nanganeri
will afford ample employment
for the Party.
7. I received from the Acting
Collector a Memo drawn up by Mr.
Comyn upon the new settlement
as introduced by him in the
Tunkari Taluk, and will submit
the same in due course, as soon
as statements to illustrate the
financial results, which I
have ordered to be prepared
are furnished.
