*Proceedings of the Madras Government, Revenue Department,  
6th December 1876.*

No. 136. Read the following Proceedings of the Board of Revenue, dated 2nd December 1876, No. 3,047:—

Read the following letter from W. S. FOSTER, Esq., Acting Collector of Kannood, to J. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated 28th November 1876, No. 593:—

• The estimate of disbursements for the month of December is Rupees 1,47,900, besides the sum of Rupees 60,100 estimated for expenditure on relief works. The number of coolies at work on the relief works is at present 125,000 per day, and I doubt not it will rise to 150,000 per day by the end of the month. The amount therefore that will be required for relief coolies in the next month will be over Rupees 5,00,000, calculating at 2 Annas per head. The balance in the Huzar Treasury on the evening of this date is only Rupees 1,07,000, of which Rupees 32,000 is in currency notes. There is no probability of any collection in the mofussil, and remittances are sent from the Huzar to the taluqs. This day a sum of Rupees 1,05,000 (Rupees 50,000 in currency notes and Rupees 55,000 in silver) was sent to the taluqs. I was enabled to make these remittances, as treasure to the extent of Rupees 2,00,000 was received here yesterday from Madras. I have the honor therefore to request you will be good enough to take measures to have me supplied with funds.

Sanctioned to Government, with request that instructions may be issued to the

2. With reference to the particulars now reported the estimate of relief expenditure in the year already submitted by the Board should be raised from 15 to 20 lakhs. It is not impossible that 25 lakhs may be wanted.
