Resolved that the attention of the Board of Revenue be drawn to the small amount of expenditure\* under "Grant-in-aid to Public Bungalow Fund" and "Petty Construction and Repair." The balances under those heads should be utilized as much as possible before the close of the official year. The state of things now adverted to could hardly

have occurred if the Board had stimulated the expenditure during the year. The Board should take every means available for expending the balance of the provision for Petty Construction and Repair before the expiration of the year. Possibly a portion of it might be expended on materials, if it cannot be laid out on the works.
