ENCLOSURE No. 2.—Sketch.

With the foregoing letter, the Collector submits a list, shewing the Railway feeders already completed, in progress, and those proposed.

2. The list contains four roads marginally noted. The first road appears to have been completed from Imperial Funds, but it has been transferred to the Local List by the Government Order, Revenue Department, dated 11th November 1868, No. 2,831. A maintenance grant of Rupees 7,650 is provided for the work in the current year's Public Works Budget, and a sum of Rupees 8,350 in the Road Fund Budget for 1869-70.

3. The second work appears in both the Original and Supplemental Road Fund Budgets of the current year, with a total allotment of Rupees 15,000 in favor of the Public Works Department. The Board observe that a sum of only Rupees

2,448 had been expended on this work up to the close of November 1868, and request the Superintending Engineer to see that the work is pushed on as vigorously as possible.

4. The third road is a local line, and is an unsanctioned work. It is entered in the current year's Road Fund Budget with allotment of Rupees 5,000. The Superintending Engineer is requested to expedite the submission of the necessary plans and estimates for the work.

6. The fourth road is an Imperial line, and a maintenance grant of Rupees 7,580 is provided for it in the current year's Public Works Budget, and therefore calls for no remark.
