Telegram from the District
Engineer, Madras dated 10th Jan'y.
1877.

Singapoor 8th January.
Bellamy coolies are bringing small
pox and various diseases, should
be medically inspected before despatch.
Dr. Rutton's successor much
required. I want more non-Com-
missioned Officers of Engineers
without their families. Can use-
fully employ any number up to
10. Colonel Prendergast approves
of this application for them.

Trinuclely reports received
irregularly while marching, and
making arrangements to have

them despatched from Kellore
in my absence. Last report from
Ramanathapuram 5000 at work,
I believe this is exclusive of 2000
and more Carriacoo coolies.

about 2000 reported working at
Kannaputhy. First batch of 400
Kannool Coolies arrived there,
12 of these diseased with Chikku
or small pox. There is danger
of Camps in route being infected.

Order thereon to 115 d/11th Jan'y 1877

Communicated to the
Revenue, Financial and Military
Departments. Application will
be made to His Excellency the
Commander-in-Chief through

the Military Department for
the services of any additional
Non-Commissioned Officers or
Sergents that can be spared.
