

MADRAS RECORD OFFICE.

Government of Madras.

Revenue DEPARTMENT.

G.O. No.	262	Press ~~Mis.~~
Dated	21-2-1870	

Not to be folded or roughly handled

*Proceedings of the Madras Government, Revenue Department,
21st February 1870.*

No. 223. Read the following Proceedings of the Board of Revenue, dated 20th December 1869, No. 9,360 :—

Read the following letter from the Collector of Tanjore, to the Acting Secretary to the Board of Revenue, dated Vallam, 17th November 1869, No. 250.

I HAVE the honour to submit, for the favourable orders of Government, an application from the Sub-Collector, on behalf of the Municipal Commission, for a piece of waste land at Negapatam.

2. The locality referred to by Mr. Hathaway is the same plot as No. 7, described in my letter to Board, dated 14th September 1868, No. 185.—*Vide* Government Order, 1st December 1868, No. 3,009, communicated in the Board's Proceedings of the 17th idem.

3. The present application is for such portion of the said plot as can be utilized, and the purpose for which the Municipality requires it is to convert it into a Parcherry, as the pariahs have no place to live in the town.

4. At present the ground is over-grown with prickly-pear, and is very dirty, being resorted to by the natives for the purposes of nature.

5. Under these circumstances, I strongly recommend that the ground in question be made over to the Municipality for the aforesaid purpose.

ENCLOSURE No. 1.

From the Sub-Collector, to the Collector of Tanjore, dated Negapatam, 12th November 1869, No. 228.

I HAVE the honour to inform you that I have received an application from the Municipal Commission for the removal of prickly-pear from waste Government ground near the Police huts in the town, and of croton plant from waste Government ground near Kadambadi, both being within Municipal limits. The two would cost about 35 or 40 rupees. Some expenditure for the purpose was incurred a year or two ago, but I am afraid that this will be a yearly charge, so long as there is so much ground left unoccupied; and I should recommend that wherever there is waste ground which the Municipality will take up and convert to some useful purpose, it be made over to them, so as to relieve the Government of the necessity of this petty expenditure every year. Thus there is one piece of ground alongside of the railway line (of which I enclose a plan) that is in a very dirty and untidy state, with prickly-pear and a few pariahs' huts scattered about it. The Municipal Commissioners have offered to take up this and convert it into a regular Parcherry; the need of a locality for pariahs to live in being much felt in the town. They will have it cleared of prickly-pear and kept clean, instead of it being left dirty and unoccupied as at present, and I recommend that it be therefore made over. It adjoins on one side the old fort land and the part in the back-water where native vessels are docked and repaired; all which, as you know, is a deserted part covered with prickly-pear and dirt.

SUBMITTED for the orders of Government. A previous application for the transfer of this same plot to the Municipal Commissioners was refused by Government, in Government Order, 1st December 1868, No. 3,009, on the ground that the Municipal Commission had no specific plan for utilizing the ground.

2. They now offer to clear it of the prickly-pear with which it is at present over-grown, and to convert it into a Parcherry, keeping it in good order.

3. The Board support the Collector's recommendation that the ground be made over on these terms.

*Proceedings of the Madras Government, Revenue Department,
21st February 1870.*

No. 224. ORDER THEREON, 21st February 1870, No. 262.
