Red

No. 112.

Under date the 6th January 1877, No. 60.

ALL repairs of Irrigation Works agreed on by the Collectors and District Engineers may be put in hand at once from Famine not; but as soon as any such work is lost is to be prepared with as little delay as usual manner.

such estimates have been sanctioned, but for an already given, and this permission applies to us. But no Minor New Works should be done if there are no repairs available when they may be needed. They may then be begun and the estimates

is to be met from Famine Funds. And per estimates will be debited against the Budget Appropriations of the present
