*Proceedings of the Madras Government, Revenue Department,
10th January 1876.*

No. 62. Read the following Endorsement of the Under-Secretary to the Government of India, Department of Revenue, Agriculture, and Commerce, (Forests,) dated 31st December 1875, No. 1,373 :—

Read the following Extract (paragraphs 1—4) from a letter from Her Majesty's Secretary of State, No. 25 (Revenue—Forests), dated India Office, London, 18th November 1875.

I HAVE received your Excellency's despatch, dated August 23rd (No. 17, Forests), 1875, forwarding the report by the Inspector-General of Forests, reviewing the work that has been performed by the Forest Survey Branch since its constitution three years ago.

2. The work of surveying the Dehra Dún forests has been nearly completed, and it is proposed that this branch of the department will next take up the Jaunsar forests and those in the Deoban range.

3. It is satisfactory to me to find that the co-operation of the Superintendent of the Great Trigonometrical Survey in the work executed has been of value.

4. Although the more important or difficult forest surveys may properly be entrusted to the Special Survey Branch of the department, I am glad to see that provision is made for the simultaneous progress of the work of survey and demarcation, so far as it is practicable, through the ordinary local forest officers themselves, or with the aid of the Revenue Survey Departments, as in some of the Punjab ranges, the Central Provinces, and Coorg.

COPY forwarded to the Government of Madras in continuation of Resolution, No. 20/857, dated the 3rd August last.

(By order of the Governor-General in Council,)
