*Proceedings of the Madras Government, Revenue Department,
5th February 1869.*

No. 105. Read the following Proceedings of the Board of Revenue, dated 1st December 1868, No. 8,438.

Read the following letters :—

From the Collector of Vizagapatam, to the Acting Secretary to the Board of Revenue, dated 16th June 1868, No. 525.

1. With reference to paragraphs 2 and 3 of the Board's Proceedings, dated 1st instant, No. 4,021, I have the honor to invite attention to the correspondence noted in the margin, from which it will be seen that it is the want of funds that has prevented compensation for the lands referred to being given once for all.
2. It will be seen from what has already transpired, that the amount of compensation to be paid to the Inamdars was fixed by Mr. Carmichael at Rupees 41,271, and approved of.
3. This sum the Government have not yet been able to give for want of provision in the Budget, and it is, therefore, nothing but fair that the annual compensation already due for three years should be paid. My predecessor applied for it, and the Board in their Proceedings, dated 28th November 1867, No. 7,759, recommended to Government that it might be paid.
4. The lands belonging to Zemindars and Proprietors, taken up for these roads, were compensated for by a reduction in their Peishcush under Government Order, dated 25th September 1862, No. 2,088, and struck out of the Compensation Statements.
5. The roads referred to were executed by the Public Works Department; what the actual cost of each was, or how far they have been completed, this office has not the means of stating; but this information will be had when the Map, called for in the Board's Proceedings, dated 14th November 1867, No. 7,428, is ready.
6. I annex a Statement shewing the sums sanctioned for these roads originally, the whole of which was drawn by the Engineer's Department from Imperial Funds :—

From the Collector and Agent to the Governor of Vizagapatam, to the Acting Secretary to the Board of Revenue, dated 19th June 1868; forwarded with reference to paragraph 7 of the Board's Circular No. XVII, (Board No. 4,411,) dated 29th June 1866.

Statement of remuneration in land or otherwise, proposed to be given to Inamdars in lieu of their Inams, which have become unprofitable from causes beyond the Inamdar's control, or by some act of Government in the district of Vizagapatam, for the official year 1867-68.

*Proceedings of the Madras Government, Revenue Department,
5th February 1869.*

In the foregoing letter, the Collector refers to the previous correspondence that has already taken place on the subject of the grant of compensation for lands taken up for certain roads in the district since 1853-54, and states that, as the amount due has not been paid for want of provision of funds in the Public Works Budget, the annual compensation already due for three Fuslies* should be paid to the parties concerned.

* 1275.
1276.
1277.

2. The Board observe that payment of the three years' compensation has already been authorized, as will be seen by the orders marginally noted. What now remains to be settled is the compensation to be paid, once for all, in adjustment of the claims of the owners of lands.

3. The second paper above recorded, is a Statement shewing the sum of Rupees 41,270-9-8, which is required for the purpose. This Statement tallies exactly with that embodied in Government Order, Public Works Department, dated 3rd August 1866, No. 2,441, in which Proceedings, Government called for a report from the Superintending Engineer as to whether any, and if so, which of the roads entered in the Statement had been constructed and maintained from Imperial Funds, and from what source the annual compensation for lands had been hitherto paid. The Superintending Engineer reported that all the roads referred to had been constructed and maintained from Imperial Funds, and that a sum of Rupees 24,176-9-6 was paid from the same source in 1864-65, as compensation for the lands taken up on this account.

Thereupon, Government applied† to the Government of India for a special grant of Rupees 41,300-11-7, which included the annual sum of Rupees 30-1-11 to be paid to two owners of lands who have not consented to commutation by a simple payment of a lump sum. The Supreme Government, however, declined to grant the amount, but remarked that it might be met by a re-appropriation of the Budget credits. This Government promised‡ to provide the required amount when the Superintending Engineer's final Statement of Savings and Demands for the current year (1866-67) were brought under their consideration.

4. Again, in their Order, Government remarked that they were unable then to allot funds for the adjustment of the demand in question, but that they would endeavour, if possible, to provide the amount later in the year, (1867-68.) The Board believe that no further steps have since been taken in the matter by Government, and as a speedy adjustment of these long outstanding claims is very desirable, the Board request Government to authorize the disbursement, this year, of Rupees 41,270-9-8 from Imperial Funds, and thus obviate the necessity of making annual payments. If the amount cannot be paid from the current year's allotments, the Board request that the necessary provision of funds may be made in the next year's Public Works Budget, so that the amount may be paid at least immediately after the commencement of 1869-70. If this is done, the trifling amount of Rupees 30-1-11 only will be payable annually to those two Inamdars, who have not consented.

*Proceedings of the Madras Government, Revenue Department,
5th February 1869.*

to receive a lump sum, and to whom payment has been already sanctioned up to Fusly 1277, in common with other Inamdars.

5. The last item of Rupees 1-6-4 in the Statement is a new entry. The Collector states that the claim is advanced for a small piece of Curnum's Service Inam taken up by the Sethamapettah Pass road in Palcondah Talook, executed in See Item No. 208, Part I. of the Public Works Budget of 1867-68. road in Palcondah Talook, executed in 1867-68 from Imperial Funds, and that a fresh grant is now applied for. He further reports, that Mr. Mackie, the Agent of the Renters of Palcondah, has consented to grant the land required to be given in exchange on a reduction of Rupees 1-6-4 being made from the annual rental of Rupees 1,20,000 payable by the renters to Government, and recommends the reduction. The Board accordingly request that Government will be pleased to sanction the proposed reduction of Rupees 1-6-4, from the annual rent of the Palcondah Talook.

No. 106.

ORDER THEREON, 5th February 1869, No. 314.

Land Revenue.

1. The Proceedings of the Board of Revenue above recorded will be referred to the Public Works Department for disposal, with reference to the several orders referred to therein. The Board request that the sum of Rupees 41,270-9-8, the amount of compensation settled, and it may be added, sanctioned in lieu of the annual payments made for lands taken up for roads in Vizagapatam, may be disbursed this year, or that if this cannot be done, the necessary provision may be made in the Budget for 1869-70.

2. Some of the lands which form the subject of this correspondence, were taken for roads nearly fifteen years ago, and annual compensation has been paid for them ever since that time. The commutation of these periodical payments for one sum was approved, and the amount of the Public Works Order, dated 20th October 1866, No. 3,319, commutation was settled in October 1866; but by the strict enforcement of the Budget rules, the actual disbursement of the money has been delayed, and the annual payments have necessarily been continued.

3. Orders will, therefore, now be issued from the Public Works Department, for the disbursement of the sum alluded to if possible before the close of the current official year from any savings in the Budget allotments which are likely to occur.

4. Sanction is granted for the reduction of Rupees (1-6-4) one, Annas six and Pice four, from the annual rent of the Palcondah Talook.
