GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

13th January 1877, No. 116.

Famine Relief Works.

Read the following paper:—

No. 148. *From R. B. ELWIN, Esq., Agent and Manager, Madras Railway Company, to the Consulting Engineer for Railways, dated Madras, 8th January 1877, No. 46.*

Adverting to the enclosed copy of the Chief Engineer's letter of the 6th instant, No. 17, I have the honor to request that you will be so good as to submit to Government the proposal that a sum of Rupees 20,000 shall be placed at the Company's disposal for the purpose of carrying out the embankment of the Cheyaur river, and communicate the result to me in due course.

ENCLOSURE No. 1.

From W. R. ROBINSON, Esq., Chief Engineer, to the Agent and Manager, Madras Railway Company, dated Madras, 6th January 1877, No. 17.

With reference to your endorsement on Consulting Engineer's letter, No. 1386, of 22nd December last, I learn from Mr. West that he has marked out the alignment of the Cheyaur embankment so as to enable the Revenue authorities to hand him over the land required.

2. It will greatly facilitate matters if the embankment is carried out as if it were a railway work as recommended by the Collector, and I shall therefore be glad if you will ask Government at once to place Rupees 20,000 at your disposal to be disbursed to Mr. West through our Cashier from time to time as he requires it.

3. Huts, grain stores, &c., should be built at once and all preparations made for the reception of laborers.

4. Mr. West informs me that the Collector is unable to supply him with tools. I therefore propose to supply him from the Railway Stores, charging the cost against the embankment estimate. As the work will be of considerable advantage to the railway, I am anxious to afford every facility towards carrying it out.

No. 9.

Submitted for the favorable consideration of Government, with reference to their Proceedings under date the 20th December 1876, No. 3504.
