Proceedings of the Board of Revenue
dated 10th March 1875.

N^o 23 Read the following

From, A. Macgregor Esquire
Collector of Malabar

To, J. Grose Esquire
Secretary to the Board of

Revenue, Madras

I have the honor to in-
form you in reference to G. O. 7th Sep-
tember 1874, N^o 1143, and Board's
Proceedings 22nd Idem Mis: N^o 257

that there is evidently a misunder-
standing regarding para b of
Captain Walker's Report. He speaks
of 3 different reserves, and should
have written first instead of former.

It is about Olavakode that

that a dispute of title existed.

2. The Overseer was sued and ousted having failed to defend the suit, or even communicate the notice to his superiors. Government then obtained leave to bring a fresh suit, and got a decree, which has not been appealed against.

3. The circumstances of this small block are thus described in para 4 of my report to the Board dated 24th August 1874, No 202.

"Oolavakode is a very small detached piece of land lying near the Palghat Railway Station. It is too small to be worth planting or reserving. There is no growth in

^{1/2} in it worth speaking of. It is proposed to retain it for any possible purpose which may arise; exchange for a piece adjoining the Jungle Depot or what not; but not to spend any money on it. It would never pay even to fence in, thoroughly, so small a piece, only 28 $\frac{1}{4}$ acres, as cost of fencing per acre; increases in ratio, enormously, as the area diminishes."

4. I regret that no prospect appears in view of getting funds to fence Wallgar fuel reserve blocks. The delay is a positive loss of money. No experiment has yet been made, I believe, in this Presidency to adopt a cheap

cheap, effectual wire fence for
reserves. If the Board can place
Rupees 1000 at my disposal, for the
purpose, I will undertake to make
a careful experiment at Wallyar
and report the results.

The Board sanction the
expenditure of the amount applied
for by the Collector for experimental
fencing in the Walliar reserve.
