Read the following papers:—

From the Acting Agent, South Indian Railway, to the Consulting Engineer for Railways, dated Trichinopoly, 3rd May 1895, No. 414.

It having been decided, after personal interviews between the Agent, the Traffic Manager and Messrs. Best and Company, that two oil tank trucks are required in addition to the two sanctioned by G.O., No. 688 R. of the 13th of December last, and the six already in use, I am about to apply to the Board of Directors for sanction to construct two tank trucks at an estimated cost of Rs. 6,891.

Messrs. Best and Company are very anxious that the development of their bulk oil trade should not be retarded in any way and it will expedite matters if your sanction can be accorded, in anticipation of the submission of an estimate and indent to regularize matters, to my either telegraphing or writing home to the Board to send out the required material which it is estimated will cost £66 in accordance with the contract which has already been let for the supply of the material required for the two trucks recently sanctioned.

From the Acting Agent, South Indian Railway, to the Consulting Engineer for Railways, dated Trichinopoly, 14th May 1895, No. 447.

In continuation of my letter, No. 414 of the 3rd instant, and with reference to your telegram No. D 137 of the 4th idem, I have the honour to forward herewith, for sanction, estimate No. 1694, amounting to Rs. 6,891 for constructing two oil tank trucks.

The sanction of the Board of Directors has been applied for.

ORDER—dated 23rd May 1895, No. 364 R., Public Works.

Sanctioned, subject to the approval of the Board of Directors.

2. This sanction has been registered as No. 4 R. of 1895-96.

3. The alteration in the number of "travelling oil tanks" in column 1, Form No. XII, of the half-yearly Capital and Revenue accounts, South Indian Railway, from 8 to 10, is approved.
