Revenue Settlement Office,
Madras,

9th February 1876.

From The Acting Director of
Revenue Settlement

To, The Secretary to Government
Revenue Department
Fort Saint George

Sir, In returning the enclosed
Telegram which you endorsed
to me yesterday, I have the
honor to observe that in-
formation very similar to
that now solicited, was
afforded by my letter No. 228/
13 of 26th ultimo submitted to
Government with Proceedings
of Board of Revenue dated
28th idem. I estimated pro-
bable results from Settlements
likely to be newly introduced
during the three next years. It
is

Telegram from the
Govt of India
18th Feb 1876.

Enclosing information re
Revenue in letter to be sent from the
Settlements to Govt of India on 19/6/76,
1876-77, 1877-78 & 1878-79, in compliance
with No. 195

The Director, R.S.

is requested to return
the Govt to Govt of
India on these points -

is almost impossible for want of data to extend the period and say what may be the increase in 1879-80.

2. The results from newly introduced settlements, and the area completed or actually reassessed each year, vary so considerably, that the details of any one year form no true criterion whereby to institute a comparison.

Some years there is next to no introduction of new assessments; in others the operation

has effect in several districts at the same time. The en-

closure of my letter above quoted shows that revenue

amounting to Rs 5,60,986 was revised during 1873-74

in six districts, with a net increase

increase of Rupees 4,41,778.

In the following year 1874-75, the revenue, resettled aggregated Rs 10,60,739, the en-

hancement thereon being

Rs 55,460; and so on during

1875-76 the revenue treated

was Rs 5,70,334 & the increase

Rs 13,708.

3. It being difficult to assign

to the three succeeding years

the result of each separately,

I estimated the probable

settlements that might be

introduced during the whole

period. I thus calculate

that revenue amounting to

Rs 4,12,718 will be revised

and that the probable in-

crease resulting therefrom

will be Rs 2,61,844.

4. In the absence of definite figures

figures for each year are
asked for, I would suggest
that the telegram be replied
to as under.

Increase from settlement
in 1874-75 Rupees fifty
five thousand. Land revenue
involved 10 laes. Probable
increase for next three years
1876 to 1879 rupees two laes
sixty one thousand. Land
Revenue involved forty one
laes. Average increase of
ninety thousand per year.
No data for 1880 yet available.

I have the honor to be,
Sir,
your most obedt. Servt.
