Proceedings of the Madras Government, Revenue Department,
15th February 1869.

No. 238. Read the following Proceedings of the Madras Government in the
Public Works Department:—

Sanctioning the entertainment of the temporary
establishment applied for, for the Tambrapoor-
ney Irrigation Range in the Tinnevely Dis-
trict, and approving the arrangement propos-
ed by the Superintending Engineer with re-
gard to the salaries to be at present allowed to
the Surveyors and Draughtsman. } (Here enter 9th February 1869, No. 410.)

No. 239. ORDER THEREON, 15th February 1869, No. 378.

Irrigation, No. 10.

Communicated to the Board of Revenue.

(True Extract.)

Acting Under Secretary to Government.

To the Board of Revenue, with Proceedings Public Works Department, No. 410.

Exd. G. A. Turton.

*Proceedings of the Madras Government, Public Works Department,
9th February 1869.*

No. 225. Read the following letter from the Officiating Superintending Engineer, 8th Division, to the Secretary to Government, Public Works Department, dated Madura, 26th January 1869, No. 2,393 :—

1. With reference to G. O., No. 3,052, of the 28th September 1868, as Mr. Harington has been appointed to the Tambrapoorney Irrigation Range in the Tinnevely District, I have the honour to request sanction for a temporary establishment being entertained, the cost of which shall not exceed the following amount :—

	RS.
2 Surveyors at 100 Rupees each per month	200
1 Draughtsman	60
11 Lascars	77
	337

2. The establishment, as stated at first, will consist of the two Surveyors and a Draughtsman, each at 50 Rupees, making a total monthly cost of Rupees 227, but I have proposed this low rate of pay till it is ascertained that the persons selected are deserving of more. It is not easy to obtain the services of good Surveyors for temporary employment; and some of the qualified Surveyors, when fresh from the College, require practice and instruction in the field, before they can work satisfactorily. I therefore prefer letting the men begin with a small salary, till their efficiency is shown, and request authority to raise the salaries within the limit noted above, either after a short trial or as the men improve by experience.

3. There being several channels of considerable length to be surveyed, I think two Surveyors at least should be employed under the Executive Engineer : and to prevent waste of time in plotting afterwards, a Draughtsman is required to lay down the sections at once, and keep pace with the work in the field.

4. There is ample provision for the establishment now recommended from the allotment for temporary establishments in the 8th Division, published in G. O., No. 1,640, of the 23rd May 1868, and thus no additional sanction is required for the current official year.

No. 226. ORDER THEREON, 9th February 1869, No. 410.

ESTABLISHMENT, No. 36.

1. The Government sanction the entertainment of the temporary establishment applied for in this letter for the Tambrapoorney Irrigation Range at a cost of Rupees 337 per mensem.

2. The arrangement recommended in paragraph 2 with regard to the salaries to be at present allowed to the Surveyors and Draughtsman is approved.
