

Public Works (1895) Department.

RAILWAY BRANCH.

G.O., No. 403A

DATED 12th June

[Despatch Abstract.]

Houses. — Estimate of Rs. 6,750 for constructing
25 — for Subordinates in the Traffic Department,
Madras Railway, sanctioned.

[illegible]

G.O.	No.	Department.	Date.	G.O.	No.	Department.	Date.

2. There are several precedents for the course which has been adopted, viz. :—

- (1) Introduction of Block system at stations between Madras and Arkonam (sanctioned in G.O. No. 2286 R. of 14th October 1891).
- (2) Buildings in connection with the Block system at stations between Madras and Arkonam (sanctioned in G.O. No. 1900 R. of 6th August 1892).
- (3) Stoney's patent point Indicators fixed at eleven stations between Mallipuram and Pódanúr (sanctioned in Consulting Engineer's letter No. 2061 of 30th June 1894).

All these were chargeable to Capital.

3. In the case under reference the Acting Chief Auditor explains that rent will be recovered to a certain extent from the occupants of these quarters, and therefore there will be some return upon the outlay incurred. In these circumstances it is considered that the allocation to capital seems to be correct, and it is hoped that you will acquiesce in this view.

4. The estimate is accordingly resubmitted in its original form, as no revision appears to be necessary.

NOTE.

No. S20.

The works may be considered as forming part of one engineering project.

11th June 1895. (Signed) F. R. UPCOTT,
Consulting Engineer for Railways.

ORDER—dated 12th June 1895, No. 403 R., Public Works.

SIR,

With reference to your letter of 1645 dated 22nd May 1895 returning estimate (R. 6950) for constructing 25 houses for subordinates in the Traffic Department, I have the honour to state that the proposed works form part of a project for providing houses for the subordinate staff, and the Acting Chief Auditor points out that it would be unfair to Revenue to subdivide the estimate with the object of charging their cost to that account.

EXAMINER'S KEY

The cases quoted by the Agent as precedents are cases in which the works, although situated at different stations, clearly formed part of a single project. The view I took of the present estimate is that the works included therein were merely a group of miscellaneous works having no connection with each other beyond the fact of their being prepared for construction during the same fiscal year.

If however E.R. decides that these works can fairly be considered to form part of one engineering project, there would be no objection to the combined estimate of Rs 6950 being recommended for final sanction against Capital
