*Proceedings of the Madras Government, Revenue Department,
17th February 1869.*

No. 306. Read the following Proceedings of the Board of Revenue, dated 29th January 1869, No. 609:—

Read the following letter from the Superintending Engineer, 2nd Division, to the Acting Collector of Nellore, dated Bezoarah, 9th October 1868, No. 88.

1. In Budget grants for some years past, a sum of Rupees 5,600 has been allowed for the maintenance of the road from the Dornall Pass to Kristnapatam, a distance of seventy-two miles. This sum

E. M. C., No. 723, 28th October 1855. was first given in 1855, and was thus sub-divided :

5 Miles of gravelled road and 3 of Pass, at 100 Rupees	rs.
per mile	800
64 Miles of road partly second and partly third class, at Rupees 75 per mile	4,800
Total...	5,600

2. Since that time, some miles of the road between Dornall and Nellore have been finished, and lately it has been settled by yourself and the Board of Revenue that the portion from Kristnapatam to Nellore is to be considered a Salt line.

3. From the above 5,600 Rupees I have hitherto assigned a sum of 1,840 for the portion of road mentioned. This has, however, proved entirely insufficient on account of the great distance gravel has to be carted for the eleven miles constructed. Now that the two portions of the road have been divided into "Salt" and "Imperial" lines, respectively, it seems desirable that the maintenance grant should be revised; and I accordingly enclose an estimate of what is required for submission to the Board of Revenue.

4. You will observe that only one inch of gravel, four yards in breadth, is allowed per annum for the eleven miles actually constructed. This is obviously the minimum allowance that can be made, consistent with keeping the road in a state of efficiency.

5. Should this proposal be approved, I would suggest that the Rupees 4,100 required, be embodied in the Salt Budget Estimate for next year.

SUBMITTED to the Board of Revenue for sanction.

NELLORE,
16th October 1868.

(Signed) J. A. C. BOSWELL,
Acting Collector.

ENCLOSURE No. 1.—Estimate.

ENCLOSURE No. 2.—Specification Report.
