The Executive Engineer, Ghat Division, Tinnevelly-Quilon Railway Survey paid Rs.83 to an Asst. Apothecary in the employ of the Travancore Government on account of attendance & medicines to the staff of that Railway. The Apothecary is said to have travelled from 5 to 15 miles which necessitated his absence from his head-quarters. The charge of Rs.83 is made up as noted below, and includes the cost of medicine supplied:-

14 days at Rs.4.....Rs.56

9 days cart hire at Rs.3....Rs.27

Rs.83

2. The sanction of Government is necessary for the charge to be admitted.

Under Code volume I. IX. 103 and I. IV. 69 the entertainment of a Medical Staff requires the sanction of the Local Government and hence the special outlay incurred by the Executive Engineer, Ghat Division, Tinnevelly-Quilon Railway Survey for medical attendance would require the sanction of Government before it can be finally admitted by me.

Read the following paper:—

From the Agent and Manager, Madras Railway Company, to the Consulting Engineer for Railways, dated Madras, 10th August 1895, No. E. 480/711.

I have the honour to forward herewith an estimate, with plan No. 3504, for the proposed additional room to the Institute at Perambúr and to request that the sanction of Government may be conveyed to me for the required outlay, Rs. 7,732, chargeable in the proportion of Rs. 7,481 to Capital and Rs. 251 to Revenue.

2. In explanation of the necessity for the work I beg to enclose for your information an extract from a letter No. A. 13165½/502 of the 27th June 1894 addressed to me by the Locomotive Superintendent.

3. The matter was discussed at a meeting of officers held in my office on the 7th May last and approved.

4. Information as to provision in the budget and date on which sanction will lapse is given on the estimate.

ENCLOSURE.

EXTRACT from a letter from the Locomotive Superintendent, to the Agent and Manager, Madras Railway, No. A. 13165½/502, dated 27th June 1894.

I write to ask if anything can be done towards the provision of a more commodious and convenient building for the use of the Institute at Perambúr.

2. As you are aware, the Institute is now located in an old bungalow which was purchased from the late Boiler Maker Foreman Fisher of this department. The bungalow consists of a centre room or hall in which the two billiard tables are located, a long room on the south side used for a reading-room and two small rooms on the north which are used as staff quarters for the use of up-country Foremen or others who may from time to time be called to Perambúr on duty. The books are stowed partly in a small bath-room and partly in almirahs in the reading-room.

3. The whole place is exceedingly crowded and inconvenient and I think in a large community such as we have here a larger and more attractive building is a necessity.

4. I believe the bungalow itself is in a bad state of repair, having been kutcha built only, and it is a question whether it is worth spending much money upon it, and, if this is so, an entirely new building should probably be constructed. If, however, this is not the case and it is considered the building is worth using, I would suggest that the following alterations should be made:—

(*a*) A new billiard-room to be built either attached, or in close proximity, to the existing building large enough to hold two full-sized tables comfortably.
(*b*) The present billiard-room to be fitted up as a reading-room, and the present reading-room to be converted to a Book store and Librarian's office.
(*c*) The two rooms used for staff quarters to be thrown open and used as card-rooms.
(*d*) The front verandah to be extended and used as a smoking-room and lounge.

ORDER—dated 22nd August 1895, No. 540 R., Public Works.

4. I believe the bungalow itself is in a bad state of repair, having been kutcha built only, and it is a question as to how long

whether it is worth spending much money upon it, and, if this is so, an entirely new building should probably be constructed. If, however, this is not the case and it is considered the building is worth saving, I would suggest that the following alterations should be made:-

(a) A new Billiard room to be built either attached or in close proximity to the existing building large enough to hold two full size tables comfortably.

(b) The present Billiard room to be fitted up as a Reading Room and the present Reading Room to be converted to a Recreation and Librarians Office.

(c) The two rooms used for staff quarters to be thrown open and used as card rooms.
