Famine Relief.

No. 220. Read the following Proceedings of the Board of Revenue, dated 30th January 1877, No. 362:—

Read the following relief reports for the week ending 20th January 1877:—

From the Collector of the Kistna District, dated 24th January 1877.

"	"	of Trichinopoly,	"	25th	"	"
"	"	of Coimbatore,	"	24th	"	"
"	"	of Tinnevelly,	"	23rd	"	"
"	"	of Bellary,	"	25th	"	"
"	"	of Kurnool,	"	26th	"	"

THE Board submit to Government, in continuation of the Proceedings, dated 26th January 1877, No. 310, the relief reports of the 20th January for the districts of Kistna, Kurnool, Coimbatore, Trichinopoly, and Tinnevelly, and for the Pennaconda and Madakura Taluqs of Bellary, for which telegraphic reports only had been received at the date of the above Proceedings. The abstracts already submitted will be corrected and completed accordingly. Maps of Coimbatore, Nellore, and Kistna accompany these Proceedings.

2. *Prices.*—In Kurnool the fall of prices already noticed was confined to Sirwell and Koilkuntla, and prices were stationary elsewhere. They are very high in Ramalkota, Nandial, and Cumbum. The fall of prices in Tinnevelly and Trichinopoly has been marked, especially as regards cholum, cumboo, and raggy. There was a quarter of an inch of rain in the Perambalur Taluq of Trichinopoly, and one-tenth inch in Nanguneri in the Tinnevelly District.

3. *Outlay.*—The completed abstract showing the outlay on works according to class as far as details are available shows the following totals:—

	Rs.	Per cent.
Road works	39,62,568	85.6
Irrigation works	2,47,889	9.1
Miscellaneous	4,21,446	5.3
Total	46,31,903	100.0

In Kurnool out of a total expenditure of Rupees 16,79,196, Rupees 16,03,684 has been laid out upon roads. This proportion is much too high. It is to be regretted

that so much has been spent on road-works, but the Collectors have been instructed to select irrigation repairs wherever possible, and it is hoped that the proportion of outlay on them will increase hereafter.

4. *Numbers.*—In Kurnool the reported numbers on relief works fell from 319,774 to 297,841, and the taluq details are compared in the margin. The decrease

has occurred in Cumbum and Markapur and in Nandikotkur, and the notes to the report show that it is entirely due to non-receipt of return for certain works. This is a very unsatisfactory explanation, considering the delay in the despatch of the report. The numbers on the works omitted should at any rate have been estimated.

In Coimbatore the numbers have increased 50 per cent. as shown in the margin. Relief works have now been opened in all taluqs except Collegal,

which has been exceptionally favored as regards rainfall. The numbers have largely increased in Pulladam and Udumalpetta, but there has been a great falling off in Dharapuram, which should have been explained by the Collector. The Collector of Tinnevely includes in his report works under execution from Local Funds and from those of the Ettiapuram Estate, but these have been

struck out by the Board. The works in progress are irrigation repairs and minor works; no roads have been undertaken.

5. *Rates of Wages.*—The scale of money wages prescribed by the Board has been introduced in Koilkuntla, Ramalakota, and Nandikotkur in the Kurnool District, but in Ramalakota grain wages are also paid and are warranted under the rules. The Cumbum, Markapur, Sirwell, and Nandial rates are the same as noted last week, and those of Pattikonda for the 20th are not given. The Nandial Taluq is the only in which 2 Annas 6 Pies are now paid to an ordinary cooly, and prices are there

very high.* Grain wages should be introduced. The scale of grain wages in force (west of the Nalamalais) is $\frac{3}{4}$, $\frac{1}{2}$, and $\frac{1}{4}$ of a Kurnool measure to men, women, and children respectively, or 2.19, 1.46, and .73 lbs. The Collector has ordered the reduction of these quantities and now gives the Government scale for week days, but for the day of rest gives no grain but pays the accumulated condiment money in a lump for the week. This seems a good arrangement. In Coimbatore and Trichinopoly

wages are unchanged. The rates in Tinnevely reported for the 13th and on the 20th are noted in the margin. It will be seen that the rates in Srivilliputtur have been slightly raised and in Otapidaram lowered, and that the prescribed scale has been introduced in lieu of piece-work in Sankaraninarcovil. The Collector should stop grain payments in Sattur where they are entirely unnecessary, the price of rice being 8.75 seers per Rupee, or 2½ lbs. for 2 Annas. A report from him on the subject of the rates of wages is now before the Board.

6. *Gratuitous Relief.*—The figures relating to gratuitous relief in these districts do not call for particular remark.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 30th January 1877.

Read the following relief reports for the week ending 20th January 1877:—

From the Collector of the Kistna District, dated 24th January 1877.

"	"	of Trichinopoly,	"	25th	"	"
"	"	of Coimbatore,	"	24th	"	"
"	"	of Tinnevely,	"	23rd	"	"
"	"	of Bellary,	"	25th	"	"
"	"	of Kurnool,	"	26th	"	"

The Board submit to Government, in continuation of the Proceedings, dated 26th January 1877, No. 310, the relief reports of the 20th January for the districts of Kistna, Kurnool, Coimbatore, Trichinopoly, and Tinnevely, and for the Pennaconda and Madaksira Taluqs of Bellary, for which telegraphic reports only had been received at the date of the above Proceedings. The abstracts already submitted will be corrected and completed accordingly. Maps of Coimbatore, Nellore, and Kistna accompany these Proceedings.

2. *Prices.*—In Kurnool the fall of prices already noticed was confined to Sirwell and Koilkuntla, and prices were stationary elsewhere. They are very high in Ramalkota, Nandial, and Cumbum. The fall of prices in Tinnevely and Trichinopoly has been marked, especially as regards cholum, cumboo, and raggy. There was a quarter of an inch of rain in the Perambalur Taluq of Trichinopoly, and one-tenth inch in Nanguneri in the Tinnevely District.

3. *Outlay.*—The completed abstract showing the outlay on works according to class as far as details are available shows the following totals:—

	RS.	Per cent.
Road works	39,62,568	85.6
Irrigation works	2,47,889	9.1
Miscellaneous	4,21,446	5.3
Total	46,31,903	100.0

In Kurnool out of a total expenditure of Rupees 16,79,196, Rupees 16,03,684 has been laid out upon roads. This proportion is much too high. It is to be regretted

The decrease has occurred in Cumbum and Markapur and in Nandikotkur, and the notes to the report show that it is entirely due to non-receipt of return for certain works. This is a very unsatisfactory explanation, considering the delay in the patch of the report. The numbers on the works omitted should at any rate have been estimated.

The Cumbum, Markapur, Sirwell, and Nandial rates are the same as noted last week, and those of Pattikonda for the 20th are not given. The scale of grain wages in force (west of the Nalamalai) is $\frac{3}{4}$, $\frac{1}{2}$, and $\frac{1}{4}$ of a Kurnool measure to men, women, and children respectively, or 2.19, 1.46, and .73 lbs. It will be seen that the rates in Srivilliputtur have been slightly raised and in Otapidaram lowered, and that the prescribed scale has been introduced in lieu of piece-work in Sankaraninarcovil. The Collector should stop grain payments in Sattur where they are entirely unnecessary, the price of rice being 8.75 seers per Rupee, or $2\frac{1}{4}$ lbs. for 2 Annas. Proceedings of the Board of Revenue.
dated 30th January 1877.

Read the following relief
reports for the week ending 20th
January 1877.

From Kistna District dated 24th January 1877.

" Coimbatore — 24 — do —

" Bellary — 25 — do —
" Kurnool — 26 — do —

The Board submit to Government
in continuation of the Proceedings
25th January 1877 No. (310) the relief reports
of the 20th January for the Districts of Kistna,
Kurnool, Coimbatore, Trichinopoly and
Tinnevely, and for the Penukonda and
Madakurra Taluqs of Bellary,
for which telegraphic reports only
had been received at the date of the
above Proceedings. The abstracts
already submitted will be corrected
and completed accordingly. Reports of
Coimbatore, Bellary and Kistna
accompany these Proceedings.
Penukonda. In Kurnool the fall of prices
already noticed was confined to Sir-
sappadi and Kottamatta, and prices
were stable elsewhere. They are

are very high in Ramolothal
 Kundikothur and Trichinopoly. The
 fall of prices in Trichinopoly and
 Trichinopoly has been marked,
 especially as regards Chelum, Cumbur
 and rogi. There was a quarter of an
 inch of rain in the Perambalur
 Taluq of Trichinopoly and 1/2 inch
 in a very much in the Trichinopoly
 District.

Outlay. The completed abstract
 showing the outlay on works ac-
 cording to class and for as details
 are available shows the following totals.

Road works	39,62,568	85.6 Per cent
Irrigation works	2,47,889	9.1
Miscellaneous	4,21,446	5.3
	<u>46,31,903</u>	<u>100.0</u>

In Kurum out of a total expenditure
 of Rs. 16,79,196, Rs. 16,36,044 has
 been laid out upon roads. This pro-
 portion is much too high. It is to be
 regretted that so much has been
 spent on road works but the collectors
 have been instructed to select irri-
 gation repairs wherever possible
 and it is hoped that the proportion
 of outlay on them will increase hereafter.
Trichinopoly. In Kurum the reported
 numbers on relief works fell
 from 319,774 to 297,841 and the taluq details are

Ramalkota	67,776	66,397	- 1,379

Compared in the margin.
 The decrease has occurred
 in Amroha and Markapur
 and in Kundikothur, and
 the notes to the report show
 that it is entirely due to
 non receipt of return for certain works.
 This is a very unsatisfactory explanation.
 Considering the delay in the dispatch of the
 report. The numbers on the works omitted
 should at any rate have been estimated.

In Coimbatore the numbers have increased

Taluq	13 Aug	20 Aug	
Palladam	47,20	53,99	+ 6,73

	<u>1,83,68</u>	<u>2,74,11</u>	<u>+ 90,43</u>

50 per cent, as shown
 in the margin. Relief
 works have now been
 opened in all taluqs
 except Collegal,
 which has been excep-
 tionally favored as regards rainfall.
 The numbers have largely increased
 in Palladam and Idimulpet but there
 has been a great falling off in
 Sharapuram which should
 have

have been explained by the collector. The Collector of Tinnevely includes in his report works under execution from local funds and from those of the Ettiapuram Estate; but these have been struck out by the Board. The works in progress are irrigation repairs and minor works; no roads have been undertaken.

Rates of wages. The scale of money wages prescribed by the Board has been introduced in Koilkumthla, Ramalkota and Kundikottur in the Kuvool District, but in Ramalkota grain wages are also paid and are warranted under the rules. The Cumbium, Markapur, Lowell and Kundial rates are the same as noted last week, and those of Pattikonda for the 20th are not given. The Kundial talag is the only one in which 2 as 6 p. are now paid to an ordinary cooly.

2 as 6 p. = 1.83 lbs.

and prices are there very high. Grain wages should be introduced. The scale of grain wages in force (west of the Nalamalais) is $\frac{3}{4}$, $\frac{1}{2}$ and $\frac{1}{4}$ of a Purnod measure to men, women and children respectively; or 2.19, 1.46 & .73 lbs. The Collector has ordered the reduction of these quantities and now gives the Government scale for week days, but for the day of rest gives no grain but pays the accumulated condiment money in a lump for the week. This seems a good arrangement. In Cumbium and

13 th Jan'y	Men	Women	Children
Trivilliputtur	1a 9p.	1a 6p.	1a 2p.
Sattur	2 shs 60	45	30
Sankara- nainarkovil	One anna per cubic yd.		
Other pedasam	2a 5p.		
20 th Jan'y			
Trivilliputtur	2a 1p.	1a 6p.	1a 1p.
Sattur	2 shs 60	45	30
Sankara- nainarkovil	2a 0p.	1a 4p.	10p.
Other pedasam	2.0.		

In Cumbium wages are unchanged. The rates in Tinnevely reported for the 13th and on the 20th are noted in the margin.

It will be seen that the rates in Sri-
viliputthar have been slightly raised
and in Otapattaram lowered, and
that the prescribed scale has been
introduced in lieu of piece work
in Samkaranairakovil. The Collector
should stop grain payments in Sattur,
where they are entirely unnecessary, the
price of rice being 8.75 seers per mpee,
or $2\frac{1}{4}$ lbs for 2 annas. A report from
him on the subject of the rates of
wages is now before the Board.
fratuitous relief.

The figures relating to fra-
-tuitous relief in these districts do
not call for particular remark.
