Proceedings of the Madras Government, Revenue Department, 5th March 1869.

No. 106. Read the following Proceedings of the Board of Revenue, dated 26th January 1869, No. 487:—

Read the following letter from the Collector of Bellary, to the Acting Secretary to the Board of Revenue, dated Camp at Camalapur, Talook Hospett, 4th December 1868, No. 292:—

As directed in the Board's Circular Memorandum, No. 987, dated 4th October 1866, I have the honor to submit, for the approval and sanction of the Board, plans and estimates for the construction of Treasure vaults in the Talook Cutcherries of Huvinhudgaly and Hospett. Those are the only Cutcherries in the district constructed on what was, at the date of the Board's Circular, the standard plan.

2. I have to apologize for the delay which has occurred in the submission of the above. They were received from the Superintending Engineer in February last, but appear to have been mislaid in the office, and it was only when going through the list of arrears of correspondence the other day, that the subject attracted my notice.

ENCLOSURES Nos. 1 and 2.—Plans.

ENCLOSURES Nos. 3 and 4.—Estimates.

ENCLOSURES Nos. 5 and 6.—Specification Reports.

THE plans and estimates, amounting to Rupees 459, for the construction of Treasure vaults in two Talook Cutcherries of Bellary, will be submitted for the sanction of Government. The requisite funds for the work should be provided from the Public Works Department.

No. 107. ORDER THEREON, 5th March 1869, No. 566.

Miscellaneous.

According to the Board's Standing Order No. 987, based on the Order of Government, dated 18th September 1866, No. 2,508, the vault is to be lined with cut stone, with a clear space inside, of feet 11-9 long by feet 5-9 wide and feet 6 deep; but the specifications now submitted provide for only 3×3×5 for each of the vaults, and the side walls and floor of that in the Talook Cutcherry at Hospett is to consist of brick-in-chunam. The Board of Revenue will be requested to furnish an explanation for this deviation from the instructions contained in the Orders alluded to.
