Proceedings of the Madras Government, Revenue Department, 16th March 1869.

Read the following:—

No. 377. From the Officiating Conservator of Forests, to the Secretary to Government, Revenue Department, dated Camp at Dindigul, 4th December 1868, No. 1,034.

1. In forwarding the enclosed letter * and Statement of the existing and proposed scale of establishment of the Tinnevelly forests from Lieutenant Fullerton, the Deputy Conservator in charge, I have the honor to inform you that, when that Officer assumed charge of the Forests south of Courtalum from the Sub-Collector on the 1st of August last, he found that the establishment had not been paid exactly according to the sanctioned scale, though the total amount sanctioned had never been exceeded or even drawn in full, pending a thorough inspection of the Forests and revision of the Establishments, the scale paid by the Sub-Collector has been adhered to. 14 Peons have received 6 Rupees each instead of 19 receiving 5 Rupees, and the Accountant General now refuses to pass the extra Rupee to each Peon, but as there has been a saving in the total amount sanctioned, I request that the Accountant General may be authorized to pass this charge. The sanctioned † scale (No. 1 in Lieutenant Fullerton's Statement) was only sanctioned by the Supreme Government for 2 years (No. 461 dated 18th December 1866; *vide* Madras G. O., No. 278, dated 31st January 1867,) and as this period is about to expire, a further sanction is necessary. Lieutenant Fullerton has now been in charge 4 months and has gone over his Range carefully, and he finds some alterations necessary in the existing scale, and No. 3 of his Statement is the scale he now proposes, which is a saving over the sanctioned scale of Rupees 21; and I request therefore that it may be sanctioned by Government as it is included in the Budget, the only material alterations are a Travelling Allowance of 10 Rupees to the Writer and the discontinuance of the services of 10 hill men who are not found to be of any use.

* No 91, 4th December 1868.

† As far as the Forests south of Courtalum are concerned.

2. A Gardener on Rupees 5 per mensem was employed by the Sub-Collector to look after the Chinchona plants and was paid from Jungle Conservancy, his pay from August up to date will be paid from working charges, he will not now be required permanently and if the services of a gardener are required from time to time, he can also be paid as a working charges.

No. 378. From the Officiating Conservator of Forests, to the Secretary to Government, Revenue Department, dated Camp at Nagercoil, 9th February 1869, No. 1,147.

With reference to your Official Memorandum No. 8 of the 26th of January, I have the honor to inform you that the Writer referred to is the one entered in the General Tabular Statement under head *Madura* on a salary of Rupees 30, he is employed equally in Tinnevelly and has to travel over both Ranges with the Deputy Conservator, and I consider that a portion of his salary should be debited against Tinnevelly; his duties have much increased since the South Tinnevelly District has been brought under the Department and he is underpaid on Rupees 30. The additional 10 Rupees asked for might be entered as salary instead of Travelling Allowance, but to bring it under the head of *Madura* would cause the reorganization of that establishment also, and in that case half the writer's salary should be I think debited against Madura and half against Tinnevelly.

No. 379. ORDER THEREON, 16th March 1869, No. 699.
