No. 46. Read the following letter from the Superintending Engineer, 2nd Division, to the Secretary to Government, Public Works Department, dated Bezoarah, 17th November 1868, No. 113 :—

In forwarding the Statement in the form required in your Memorandum No. 59, dated 26th October 1868, of the sums likely to be spent up to 31st March on Jails, Cutcherries, &c., in this Division, I have the honour to inform you that I have, in the absence of specific information, entered the full amount available, and have impressed on the Range Officers the great desirability of availing themselves of the money placed at their disposal by Government during the current year, directing them at once to lay in timber, stone, bricks, &c., as necessary; but as I am about to leave the Division, I think it right to express my doubts as to the possibility of their obtaining materials of the value of money assigned to them during the comparatively short space that remains of the official year. Had the grant been made a few months ago, things would have been very different, but now the estimates of work required to existing buildings are not even commenced, and the sites of many of such buildings, far removed as they are from the neighbourhood of civilization, renders it a most arduous task to obtain any materials at all. I trust that this may be remembered, in case the Range Officers should fail to fulfil the expectations I may raise in sending the Statement attached.

Statement showing the amount proposed to be expended on the Subsidiary Jails, &c., during the current official year.

District.	Name of Work.	Amount of Estimate.	Number and date of sanctioning Estimate.	Existing grant.	Additional grant required.
Kistna ,,	Constructing a new Subsidiary Jail and subsidiary buildings at Rapilly	rs. 8,000	...	...	rs. 3,000
