In the above I have recorded a letter from the Collector of Bellary forwarding a list of 43 road works in the 3 Taluqs of Penukonda, Hirdapur & Madakur, which appear to be all in progress, having been sanctioned as likely to cost altogether 61650 N. N. Martin has submitted in the list a column of figures showing the grants required for these roads, to the total amount of N. 29100. Estimate for the 2 first ^{on the list} works have been submitted & sanctioned by the N. but they require to be recognized by N. Martin's present.

I do combine and say
that so far as can be done
without serious encumbrance
he shall restrain expenditure
until estimates are submitted
but that if urgent repairs

Relief Works in
Bellary District

FOR ORDERS.

Standing

V. C. S. P. R.

Revenue Department

Proceedings of the Board of Revenue
Dated 12th February 1877.

Read the following:-
No. 72.

From The Collector, Bellary.

To The Secretary to the Board of Revenue,
Madras.

? all? I directing to para 4 of the printed instructions regarding relief operations which accompanied Board's Proceedings No. 1 of the 2nd Instant. I have the honor to forward herewith an extract from the Statement showing additional amounts required for works already sanctioned by me in the Taluqs of Pennacondah, Hindupur and Madakur and to request the sanction of

of the Board for Rs 2,000 and up to 10,000
and obtain the sanction of Government
above that limit.

2. To avoid delay, the information required
in para 5 of the said instructions has
not been called for for the works in
question, as they are in progress.

I have per

Bellary Colbr's Office (S^d) J. H. Mackay
1st February 1877 } Collector.

The Board cannot accept the
Statement of probable cost of works sub-
mitted by the Collector as amplifying with
the rule regarding Estimates. For two works,
the diversion of the Pinnakonda and
Amarapur road, and the Somandapalli
Choutoor road, the Estimates have already
been

been submitted. That for the second was
sanctioned but the Estimate for the first
was returned in view to the desirability of
undertaking the work being reconsidered.

The Estimate may however be accepted under
present circumstances and no further orders
are wanted as regards these two works.

2. The Board resolve with concern
that the list comprises not a single irriga-
tion work. The Collector's attention has
been ^{separately} drawn to his list of such works
requiring repair in the current year, and
the Board resolve to direct all Collectors
of distressed districts to take the lists
for their districts into consideration and
to have recourse to them as far as possible
when works are wanted. The Board
are

are of opinion that if the present opportunity
were fully availed of: the lists for next year
should be blank. Remunerative work of
permanent benefit to the country would
also be done.
