*Proceedings of the Madras Government, Revenue Department,
24th May 1870.*

No. 299. Read the following Proceedings of the Board of Revenue, dated 4th May 1870, No. 2,946 :—

Read the following letter from the Collector of Salem, to the Acting Secretary to the Board of Revenue, dated on circuit at Namcul, 4th April 1870, No. 59.

I HAVE the honour to forward the enclosed estimate, specification, and plan, for the construction of a tunnel of two vents on the road from Sooramangalam to Tharamangalam.

2. The estimate amounts to Rupees 2,450. In the Local Fund Supplemental Budget for the past year, Rupees 3,500 were entered on account of this work. The amount now actually estimated for will be shown in the list of incomplete works which I am about to submit to the Board.

3. I request the Board will be pleased to obtain the necessary sanction for the work.

4. I may take this opportunity to mention that the stream across which it is proposed to construct the tunnel feeds several Government tanks; a moiety of the cost has therefore to be provided for from Imperial Funds under the recent ruling of the Government of India. I beg to submit (enclosed) an application containing all the particulars prescribed in the Board's Circular Proceedings of the 20th March 1869, No. 1,925, for the aid from Imperial Funds. It will rest with the Superintending Engineer of the 5th Division to point out the source from which the grant is to be met.

THE plan and estimate, amounting to Rupees 2,450, for the construction of a tunnel of two vents on the road from Sooramangalam to Tharamangalam are submitted for the sanction of Government.

2. The Collector states that a moiety of the cost of the tunnel should be provided for from Imperial Funds, as the stream across which it is proposed to be built feeds several Government tanks. The opinion of the Superintending Engineer does not appear to have been obtained on this point. Mr. Pochin is now requested to supply the omission.

3. The Statement showing the amount to be contributed by Imperial Funds in the case of the present estimate is returned to the Collector, as it is unnecessary, his letter furnishing the required information.
