^{75-76.} Dated	6. 6. 1870	~~10~~

Not to be folded or roughly handled

Proceedings of the Madras Government, Revenue Department,
6th June 1870.

No. 75. Read the following Proceedings of the Board of Revenue, dated 22nd April 1870, No. 2,663 :—

Read again Board's Proceedings, dated 22nd January 1870, No. 472.
Do. do. dated 16th March 1870, No. 1,810.

Read also letter from the Consulting Architect to Government, to the Acting Secretary to the Board of Revenue, dated Madras, 1st April 1870, No. 448.

I HAVE the honour to return you the enclosures forwarded to me with the Proceedings of the Board, dated the 16th March 1870, No. 1,810, relating to the proposed hospital and dispensary at Ghooty.

2. It will be unnecessary to discuss the merits of Dr. Ranking's plan (which seems to me to be badly arranged), because the sum set aside for the construction of the hospital falls far short of the sum necessary to carry Dr. Ranking's plan into execution.

3. I have estimated approximately the relative cost of the three plans, and the following are the results :—

	rs.
Colonel Moberly's plan	4,050
Mr. Chisholm's "	4,560
Dr. Ranking's "	10,400

4. It will be necessary either to curtail the accommodation or increase the grant.

ENCLOSURES Nos. 1 to 3.—Plans.

In their Order, dated 9th April 1869, No. 974, Government sanctioned the advance of Rupees 6,400 for the erection of a dispensary with subsidiary buildings at Ghooty, and directed the Board to submit plans for approval; and in their Order of 27th May 1869, No. 1,496, they further directed that the Board should consult with Mr. Chisholm on the subject.

2. The Board accordingly conferred with Mr. Chisholm, and transmitted a plan drawn up by him for the remarks of the Sanitary Commissioner, with their Proceedings of 22nd January 1870, No. 472.

3. Dr. Ranking's letter of 1st February 1870, No. 125, (embodied in Board's Proceedings of 16th March 1870, No. 1,810,) is his reply.

4. Dr. Ranking considered the accommodation quite inadequate, and he forwards a plan of a proposed hospital, which seemed to him to meet the requirements of such cases.

5. Mr. Chisholm points out that neither his plan nor the one similar to that forwarded by Dr. Ranking can be carried out without greater expenditure than the Government have sanctioned.

6. Colonel Moberly's estimate was framed to utilize the exact sum which Government undertook to provide, but the Sanitary Commissioner affirms that the accommodation provided by his design is only sufficient for six male and four female patients.

Proceedings of the Madras Government, Revenue Department,
6th June 1870.

7. It is for Government to determine whether the proposed loan of Rupees 6,400 can be increased.

No. 76.

ORDER THEREON, 6th June 1870, No. 830.

Miscellaneous.

MR. CHISHOLM's plan for the main building of the dispensary will involve a cost of Rupees 6,400, and including

the cost of the subsidiary buildings, the aggregate expenditure will be Rupees 6,910. This is Rupees 510 in excess of the loan sanctioned by Government for carrying out the scheme.

2. The Government therefore resolve to increase the loan to Rupees 7,000, re-payable in annual instalments of Rupees 600 without interest.

3. The advantages of enlarged accommodation for the patients, as set forth by Dr. Ranking, are obvious, but the funds of the chuttrum preclude the accompanying outlay.

4. The Government, however, agree with Dr. Ranking in considering that the present position of the "epidemic" ward on the plan is open to objection, as unsuitable for the treatment of such diseases as cholera and small-pox. For this purpose a separate building might be erected by public subscription now or at some future period. The Government take this opportunity of observing that the advantages which a dispensary at Olcotty will afford to the employés on the Railway may induce the Railway Company to contribute to the institution.

5. The building provided for on the plan should be so placed on the selected site as to admit of future additions as well as separate buildings.

Nos. 75-76.

*Dispensary and hospital at Ghooly in
Bellary District. - Board's Proceedings regard-
ing its proposed construction, with orders thereon.*

01-3-19
Difference is trifling & we
raise the loan to Rs 7000 - to
pay off in annual instal-
ments of Rs 600 - without interest

Rs 6000 a large building
such as Dr. Brambling would
like is desirable - but we
have not the money.

I would suggest the
"Epidemic" Ward in to a
Lying-in room. Its position is

closer to the house as other
small box & the like being
located. For such building
as separate building being let
be erected and a house after
by Dr. King's description -

The present building
should be so placed in the
collected site as to admit of
of future additions as well
as separate building -

Dr. King's house though

Shetty - does not
the C^o in his
broad character
as this?
