ENCLOSURE No. 1.

From W. M. FRAZER, Superintendent of Police, Vizagapatam, to Lieutenant-Colonel C. S. HEARN, Inspector-General of Police, dated 7th September 1875, No. 135.

THE Salt Deputy Collector having informed me that it is proposed to manufacture salt next year at each of the Kotars in this district, I have the honor to request sanction for guards for

the same (temporary) strength as per margin. Heretofore it has been the rule to sanction a certain number of men for the temporary guard each year without first inquiring where salt was to be manufactured. Last year fortunately there was no salt manufactured at Karasa, and only a very small portion of ground taken up for the purpose at Pentacotta. Had it not been for this, I should have been short of men for

the other stations. I have carefully arranged the beats at each of the salt stations in this district, and can assure the Inspector-General that we cannot guard the pans with safety unless the men now applied for be sanctioned. For particulars as to area of the Kotars and want of protection to pans in way of ditch or hedge, see my report on salt stations of the district. I have further to request that the increase of two first-class Constables asked for in my report upon salt stations for Balacheruvoo and Kuppilly be sanctioned.

ENCLOSURE No. 2.

From H. St. A. GOODRICH, Esq., Acting Collector of Vizagapatam, to Major W. M. FRAZER, Superintendent of Police, Vizagapatam, dated Kotapalem, 12th September 1875, No. 1,577.

WITH reference to your letter, No. 337, dated 7th instant, I have the honor to inform you that I approve of your application to the Inspector-General of Police to increase the strength of the temporary salt guards.

2. The enclosure of your letter is herewith returned as requested.

Enclosure No. 3.

From Major W. M. FRAZER, Superintendent of Police, Vizagapatam, to the Assistant Inspector-General of Police, dated 7th October 1875, No. 154.

With reference to your letter, No. 4,835, of the 1st instant, I have the honor to inform you that I have applied for an increase of the temporary salt guard. We require fourteen Head Constables and seventy-five Constables instead of seven Head Constables and fifty-six Constables, the usual Budget strength heretofore, or, in other words, we want seven Head Constables and nineteen Constables more than the Budget strength.

2. With regard to paragraph 2, I beg to state that a fixed number of men have been given every year without inquiring the actual requirements of each Kotar. A much larger area of ground has now been brought under manufacture in every station, and further, salt will be manufactured at all the Kotars in the district this year which was not the case before, as invariably one or two of the salt stations were left unworked.

SUBMITTED for the sanction of Government. The proposed increase to the temporary salt guard is very necessary as the salt works in the Vizagapatam District are generally insufficiently protected.

2. The charge can be met from savings in the salt grant, but the Board have already in their Proceedings of the 14th July 1875, No. 6,373, pointed out that such charges do not appear to be properly debitable to the salt grant.
