PROCEEDINGS OF THE BOARD OF REVENUE dated 22nd February 1877.
Read the following letter from A. JICKSHANK, Esq., Acting Sub-Collector, to H. S. THOMAS, Collector of Tanjore, dated Negapatam, 14th November 1876, No. —

ONE Sivalinga Pillai, a Meerasidar of Negapatam Taluq, presented a petition on the 24th April 1876, complaining that one Sattia Pillai was misappropriating the property belonging to the choultry there. This petition was referred, on the 29th of the same month, to the Deputy Tahsildar of Trivalore for report. The Tahsildar now reports that in the accounts a tope and a tank extent are entered as belonging to a year Dry crops are also raised in the four or five Iluppei trees yielding nothing, and thirteen Tamarind trees produce worth about 20 Rupees a year. Dry crops are also raised in the tank. Five Rupees per annum may be obtained from reuting out the right of fishing in the tank. The Inam puttah stands in the name of the durmakurtal for the meneng, and the quit-rent is 12 Annas 4 Pice. The choultry is said to have been erected and the tank dug about 100 years ago. In the year 1874 Sattia Pillai now combined against bought them from one Sambamurti Aiyen. The whole of the proceeds derived from the land are alleged to have been spent on account of a waterdal at the choultry, and there being nothing to keep the building in repair, the consequence was that it was falling to pieces. Sattia Pillai then making use of materials of the old choultry constructed a new one by the side of the road from Trivalore to Tritrapundi, half a mile from where the old one was, at a cost of 700 Rupees or 800 Rupees. The question now arises whether he is to be allowed to enjoy the tank and tank belonging to the old choultry now demolished. I think he ought, and have therefore the honor to request your sanction to the same.

No. 13

SUBMITTED to the Board of Revenue for sanction.

2. Under the spirit of G.O. No. 1,159, of the 2nd August 1875, communicated in Board's Proceedings, No. 2,577, dated 15th September 1875, the Inam lands can, I think, be left uninterfered with in the hands of the present proprietor so long as he applies the profits to the upholding of the charity in the choultry newly built by him.
