Proceedings of the Madras Government, Revenue Department,
9th April 1869.

No. 203. Read the following letter from the Accountant-General, Madras, to the Acting Secretary to Government, Revenue Department, dated Fort Saint George, 22nd March 1869, No. 253:—

With reference to the Proceedings of Government in the Revenue Department, No. 725, dated the 17th instant, I have the honor to observe that, under the Orders of the Government of India, in the Financial Department, Nos. 1,798 and 1,583, dated the 31st March and 10th August last, respectively, all expenditure for petty construction and repairs to buildings, which come within the category of Public Works, with the exception of petty repairs of doors and windows, including the replacement of broken glass in Government buildings occupied by Civil Officers, has to be borne by the Public Works Department, even when incurred by Civil Officers. The proposed expenditure of Rupees 4,500, for the erection of a house for the Superintendent of the Sydapet Farm is, therefore, inadmissible in the Civil Department.

No. 204. Order thereon, 9th April 1869, No. 967.

Miscellaneous.

The Government have already granted a Treasury Order for Rupees 2,500 towards the erection of the building in question. As they understand that there was an unexpended balance of the Public Works grant on the 31st ultimo, they have no objection to this amount being debited to that head.

expenditure ~~connected~~ with the connection with the Govt Experimental Farm.

The question as to the cost of building a suburban road is not to be determined by Judicial Officers. I think we should refer the claim to the Minister of Agriculture for his decision.

I would suggest to the Agricultural Dept which controls the expenditure that the claim be referred to the Minister of Agriculture for his decision.
