*Proceedings of the Madras Government, Revenue Department,
14th January 1869.*

No. 206. Read the following Proceedings of the Board of Revenue, dated 26th November 1868, No. 8,339:—

Read the following letter from the Acting Collector of Nellore, to the Acting Secretary to the Board of Revenue, dated 3rd October 1868, No. 3,500.

1. In accordance with the Board's instructions, contained in their Proceedings, No. 4,364, dated 12th June 1868, I have the honor to forward, herewith, for sanction, a plan and estimate, amounting to Rupees 2,300, prepared by the Superintending Engineer, for converting Mr. Whish's old ruined bungalow, at Kavali, into a Travellers' Bungalow. This will provide one bungalow on the new line of trunk road intermediately between Nellore and Singarayakonda, at a distance of thirty-two miles from the former, and twenty-one from the latter place.

2. The Superintending Engineer informs me, that, considering that no funds would be available from the Bungalow Fund, he has made a provision from the works in the Imperial Budget for next year, leaving it to Government to retain, or strike out, the same as they deem proper, according to the state of the funds at their disposal.

3. With regard to the three existing bungalows on the old line of trunk road, the Board in their Proceedings, No. 4,364, dated 12th June 1868, approved of the bungalows at Allur and Maviladoruvu being sold, and in their Proceedings, No. 5,364, dated 23rd July 1868, also approved of the third bungalow at Ramapatam being similarly disposed of at an upset price of Rupees 460.

4. As the two bungalows at Allur and Ramapatam are each only two or three miles from the trunk road, in the absence of any bungalow for fifty-three miles between Nellore and Singarayakonda they are still frequently resorted to at present by travellers who prefer to go some distance out of their way to making such a long stage. I, therefore, propose to delay the sale of these two bungalows until the new one at Kavali is built.

5. As to the third bungalow at Maviladoruvu, as it is far out of the way, and never used, I consider it may be sold at once. I enclose an estimate, prepared by the Range Officer and approved by the Superintending Engineer, according to which the building in its present state is valued at Rupees 550. I request sanction to put it up to auction at this upset price, and to sell it with the site. I understand some persons are desirous of purchasing it for a Choultry.

6. Hereafter, as funds are available, it will be very desirable to provide bungalows, as I have also proposed with the concurrence of the Superintending Engineer, at Ullavapalem, fifteen miles from Nellore, and seventeen miles from Kavali, and at Tettu, ten miles from Kavali, and eleven miles from Singarayakonda. The sale proceeds of the three abandoned bungalows will go some way towards this object, being credited, I presume, to the Bungalow Fund, as on former occasions.

ENCLOSURE No. 1.—Plan.

ENCLOSURES Nos. 2 and 3.—Estimates.

*Proceedings of the Madras Government, Revenue Department,
14th January 1869.*

THE plan and estimate, amounting to Rupees 2,300, received with the foregoing letter, for converting Mr. Whish's old ruined Bungalow at Kavali into a Travellers' Bungalow, is submitted for the sanction of Government. The work appears, from paragraph 2 of the letter, to have been entered in the ensuing year's Public Works Budget, as there are no Bungalow Funds available for the work. The execution of the work is contingent on the sanction of the additional sum entered in the Board's Budget of Charges for 1869-70.

2. Under the circumstances stated in paragraphs 3 and 4, the Board approve of the retention of the bungalows at Allur and Ramapatam until the new one at Kavali is built.

3. The Acting Collector is authorized to dispose of the Bungalow at Maviladoruvu and its site, at the upset price of Rupees 550, and a reasonable addition for the site.

No. 207. ORDER THEREON, 14th January 1869, No. 99.

Miscellaneous.

The estimate for converting Mr. Whish's old ruined bungalow into a Travellers' Bungalow, amounting to Rupees 2,300, is sanctioned. The work was struck out of the Public Works Budget for 1869-70. It must either, therefore, be executed out of any balance that may be available from the Bungalow Fund, or must lie over till Imperial Funds can be provided. The Board are aware that the subject of providing funds for the construction and repair of the bungalows is under the consideration of Government.
