

Collector's Office,
Mangalore, 1st August 1867.

From

W. I. Thomas Esq^r
Asst. Collector of South Canara

To

W. Middleton Esq^r
Secretary to Government,
Revenue Department
Fort St. George.

Sir,

With reference to your Official Memo No 76, dated the 17th ultimo, I have the honor to forward herewith duplicate copies of the two Maps relating to the boundary between this District and that of North Canara, therein called for.

In reference to one of these Maps (marked B) I find that the end of the boundary on the Mysore frontier is not very accurately defined therein, being carried from the "Kalla-Kadada ditch" up to the Ghauts over a chain of hills which, it appears, do not exist between that ditch and the Ghauts in the way they are shown in the Map, though from the specification of the proposed boundary as settled on the spot by Messrs. Sewell & Wall in October 1865, it appears that one or two small hills intervene. The Map in question appears however to have been forwarded by Mr. Collett more to give an idea of the proposed boundary and to illustrate his remarks condemning it, than as a correct representation thereof.

I have the honor to be,
Sir,

Your most obed^t Serv^t
