Remarks on the Season.

In Vizagapatam the Rajah were
Zemindars who lived for the cultivation.
Cotton used that about Ingar Cuse
Sedajo used Guiguly were steering.

In the Godavery District

Ingar Cuse was steering selected, under
the Circular Road Collectors Charged. Sedajo
used Guiguly were under Exploration. Two
Years were Circars Recommended for under the
used Guiguly were under Exploration.

used Guiguly were under Exploration.

had been sown, and the latest Paddy crop had been reaped in some Talooks.

In the Nundeard Talooq of Tennicul, Sugar Cane had been planted.

Prices had slightly fallen in Cuddapah and Bellary.

Fever was reported in the District of Bellary and Cuddapah. There had been some cases of cholera in Cuddapah and Small-pox had occasioned some loss of life in Bellary.

There was tolerably fair rain in all parts of this circle except in the District of Madras where is now very slight.

In Madras dry lands were being ploughed in parts of the District.

In South Arcot Sugar Cane was being

Raised on wet lands whenever irrigation was available. Cholum Kumbu and Grain were being sown on dry lands. The Standing Crops both of dry and wet were generally looking well, though Paddy was reported to be drooping in a few places for want of water.

In South Arcot, the principal early dry grains were being sown in dry lands. Sugar Cultivation was being carried on and Sugar Cane planted in some localities.

Prices had remained almost stationary in this circle.

The public health was tolerably good in all these districts, except in North Arcot, where fever of a peculiarly virulent type, was almost exceptionally prevalent. Cattle disease from disease in all these Districts particularly in North Arcot.

There

There had been showers of rain throughout the Section.

The harvest in the Tanjore District had been completed.

In some parts of the District of Trichinopoly the first crop of Cotton was under cultivation in wet and also Cholum and Cumbu in dry lands. In some Villages Ginging Oil seed were being gathered. Some of the tanks had received a supply and there had been an increase of water in the Cauvery and Coleroon which had flooded the dependent irrigating Channels.

There was no fluctuation in prices in Trichinopoly though they had fallen slightly in Tanjore.

The health of the whole population there was on the whole good though there were a few cases of Cholera and small-pox in the remaining parts of the Tanjore District.

There

Cauvery

Tanjore Section

There had been an slight fall of rain throughout this Section.

In this District of Madura, fine cotton was being made from the earliest sowings of any crop. In the Madura Taluq cholum had developed steadily from the seedling and Cumbu, Ragi and Gingelly were in flower and ripening. In the Dindigul Taluq cholum and cumbu were in flower and ripening. The Ground nut crop looked well and the cotton crop was coming in good order.
