Read Proceedings of the Madras Government, dated 10th March and 12th March 1869, Nos. 646 and 677.

In the first of the foregoing papers, the Government desire to be furnished with the information called for in G. O., dated 12th September 1868, No. 2,372. This information has been already furnished for the districts noted in the margin. The expenditure on irrigation works and on wells and ponds in North Arcot and Madras not having been furnished by the Collectors in the returns sent by them, they were called upon to supply the information at their earliest convenience. 2. In the same Proceedings the Government presume that all outlay from special funds has now ceased, and that the excess of 2¼ lacs beyond the present returns of expenditure, reported in the Board's official memorandum, dated 5th March 1869, No. 203, is included in the Board's estimate to cover probable disbursements already made. The Board take this opportunity to bring to the notice of Government that works are still in progress in the districts of Madras, North Arcot, Cuddapah, and Salem.*

As the information required by Government is not available from the Board's records, they resolve to request the Accountant-General to furnish a detailed statement, showing the specific manner in which the expenditure of Rupees 6,55,426 was incurred, and the grants allotted for the several districts, quoting the date and number of the Government Order sanctioning them.
