Proceedings of the Madras Government, Revenue Department, 3rd May 1869.

No. 39. Read the following Proceedings of the Board of Revenue, dated 3rd April 1869, No. 2,220:—

Read the following Proceedings of the Madras Government, dated 24th February 1869, No. 486, Revenue Department.

ABSTRACT.—*Deputy Collector's house at Manantoddy.*—Board of Revenue to report their opinion on the plan submitted for this building.

THE Collector of Malabar, in a letter, dated 9th December 1867, No. 153, submitted a proposal for the erection of a new Cutcherry for the Deputy Collector at Manantoddy.

2. The old building, which had also been occupied as a dwelling house, was reported to be in such a state as to be not worth repairing, and an entirely new building was accordingly proposed.

3. This proposal was approved, in Government Order, dated 6th January 1868, No. 9.

4. A plan and estimate for the Cutcherry were submitted with the Board's Proceedings, dated 9th December 1868, No. 8,657, and approved in Government Order, dated 15th January 1869, No. 109, the amount sanctioned for the building being Rupees 13,580.

5. The foregoing represents the correspondence which has passed through the Board's Office on the subject of the Cutcherry, and that matter has apparently been finally settled.

6. Some confusion appears to have occurred, however, by which the matter of the Cutcherry has been involved with the proposal to build a bungalow for the Deputy Collector, the circumstances of which are as follow:—

7. The Board, in their Proceedings, dated 14th March 1868, No. 1,861, submitted to Government a letter from the Collector, in which it was shown that no provision was made for a proper residence for the Deputy Collector, the new building which had been already proposed, though not at that time sanctioned, providing only for the Cutcherry.

8. It was proposed that a suitable house should be built by Government, and rented on moderate terms to the Deputy Collector.

9. This proposal was sanctioned in Government Order, (Revenue Department,) dated 26th March 1868, No. 780, and plans were called for.

10. These were submitted to Government direct by "the Officer in charge of operations, Wynaad" in a letter, dated 16th January 1869, No. 769, and Government in reply* referred Major Kennedy to their Proceedings, (Revenue Department,) dated 15th January 1869, No. 109, which Proceedings, however, as pointed out by Major Kennedy, had reference to the Cutcherry and not the bungalow.

* P. G., Public Works Department, 2nd February 1869, No. 327.

11. Government have now referred the plans of the bungalow to the Board, for their opinion.

12. The Special Executive Officer does not state what the cost of the house, with the necessary out-buildings, will be, should his design be adopted.

13. Building operations are more expensive in Wynaad than in the low country, and making allowance for this, the Board would name Rupees 15,000 as a suitable maximum for the residence and out-offices of the Deputy Collector.

14. If, therefore, Major Kennedy's design can be carried out for this sum, the Board would recommend that it be adopted.

No. 40. ORDER THEREON, 3rd May 1869, No. 1,206.

Miscellaneous.

No. 769, dated 16th January 1869.
„ 804, „ 24th February „

ORDERED to be communicated to the Public Works Department, with reference to the letters from the Officer in charge of operations, Wynaad, noted in the margin.

2. The Government concur in the opinion of the Board that the maximum cost of the house for the Deputy Collector at Manantoddy should not exceed 15,000 Rupees, and the Executive Officer will be instructed to alter his design, if it cannot be carried out for this sum. In the event of the amount being sufficient, the necessary estimates should be submitted in due course for sanction.
