GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

Irrigation.
Account.

READ—the following paper:—

From W. C. LEWIS, Esq., Executive Engineer, Kistna Western division, to the Superintending Engineer, II Circle, No. 341 S., dated 8th November 1896.

I have the honour to forward for sanction an estimate for bench marks for surveying the Pundla block by Project Sub-division.

2. It provides for masonry bench marks at every mile to the Pundla channel and intermediate ones of iron bound tamma pegs. I considered that providing masonry bench marks would certainly lead to delay as they would take a long time fixing.

3. The survey can be carried out with the pegs and a few masonry bench marks fixed for future reference.

4. The estimate is recommended for sanction from the balance of provision under item 710 of the statement printed with G.O., No. 857 I., dated 10th October 1896.

No. 2257 K.W.

Forwarded to the Chief Engineer for Irrigation for favour of obtaining the sanction of Government to the estimate amounting to Rs. 160 for bench marks for surveying the Pundla block, Commamur canal.

(Signed) W. L. C. BADDELEY, Major, R.E.,
Superintending Engineer, II Circle.
